RECOGNITION OF THE UNION BODY DENIED

Krutttschnitt Leaves for Chicago Tonight and No Further Conference Is Deemed Probable  
SAN FRANCISCO, Sept. 1.—After a conference which lasted for more than three hours between the representatives of the railroad company and the heads of the various shop employees' unions, the committee emerged from the offices temporarily occupied by Vice-President Krutttschnitt at 2:20 this afternoon and announced that they had failed to reach any agreement, owing to the fact that the railway company's representatives had refused to recognize the labor committee as representing the federated employees' association. Just what the discussion brings on none of them would say.

J. W. Kline, international president of the Blacksmith's Union, said the labor people would probably issue a statement later in the day.

S. G. Aphearn, superintendent of the bureau at the economics of the Southern Pacific, who was present at the meeting, issued the following statement on behalf of the joint committee immediately after the conference was disbanded:

He said, "The first thing taken up this morning when the committee met was demand on the part of the labor representatives that they be recognized in half of the employees' federation. The officials of the company refused to agree to this, conceding, however, that they stood ready to recognize representatives of the several crafts. The refusal was made on the basis that they cannot consistently perform their duties to the public as semi-quasi officials and surrender to any federated committee the power of which would consequently be placed in their hands. The railroad company recognize that they are public servants and that for this reason they must operate the 'large properties' without interference."

That is all which was said as a result of the meeting in an official manner. Both sides, however, have declined to make public statements as to the stand they will take as an outcome of the conference. As Vice-President Krutttschnitt is scheduled to leave for Chicago either late tonight or early tomorrow morning it is probable that another conference in regard to the labor question will not be held in this city.

# BEATTIE'S BROTHER ADMITS HE DESTROYED EVIDENCE

## New Witness for Defense Causes Prisoner to Pound Table in His Excitement

CHESTERFIELD COURTHOUSE, 7a, Sept. 1.—Douglas Beattie, brother of Henry Clay Beattie, Jr., indicted for wife murder, admitted on the witness stand today that he would not have rendered the assistance he did to the detectives in running the ill-fated automobile to and from and about the scene of the crime if he had known they would lay the crime against my brother.

The witness also said he would have washed and cleaned the car that very night. The prosecution drew this forth on cross-examination, and by its questions sought to lay a charge of destroying evidence upon Douglas for having some blood washed from the machine before the authorities seized it.

**MYSTERIOUS MESSAGE.**

A mysterious message to Harry M. Smith, counsel for the defense, interrupted the trial for a half hour and resulted in the discovery of a witness in Richmond to account for the solitary car, the woman on its running board and the man in front of it, which a group of boys early in the trial said they saw on the night of the murder and described as resembling the prisoner and his wife.

The prosecution had built up its case with the theory that Mrs. Beattie was shot, not while sitting in the machine beside her husband, as the latter alleges, but as she was standing either on the running board or in the road, the big blood spot resulting from her fall on the turnpike.

The new witness, whose name was withheld until he appeared in court, was expected to testify late today concerning the man and woman the boys saw. His story, it is said, is that the man stopped the machine on the Midlothian turnpike, the woman standing on the running board as the boys coming from the dance at Bonair passed them.

**SENSATION CREATED.**

A sensation was created by news that in the examination of Beattie's car by the prosecution's witnesses, following a similar examination by witnesses for the defense, an expert discovered a few hairs thought to be from the head of Mrs. Louise Owen Beattie. The hair was in the blood in the lower part of the car.

Detective Scherer said the finding of the hair under a seat cushion indicated the cushion was up. This is in line with the prosecution's theory that the woman's head was concealed under the seat on the prisoner's trip to the Owen home immediately after the tragedy.

CHESTERFIELD COURTHOUSE, 1.—The taking of a deposition at the home of Mrs. M. C. Steger, who is, and who claims to have seen a man with a beard just before the tragedy, threatened to delay the proceedings in the case of Henry Clay Beattie, Jr., accused of

wife murder. Court convened at 10:30 o'clock.

The defense first introduced some character witnesses to continue the testimony begun yesterday to show the good reputation of the prisoner, as well as that of E. H. Nebbit.

Douglas Beattie, an older brother of the prisoner, testified that the relations between the prisoner and his wife were perfectly happy. After the murder he said he saw Henry in Tom Owen's house, "lying on a reclining chair and my father kneeling by his side. Henry was sobbing and moaning and fondling his wife's slipper."

**CORROBORATES TESTIMONY.**

He corroborated his father's testimony of yesterday as to Henry's manifestations of grief the night of the murder.

"Did you examine the car?"

"When I got into it to go up the road I found blood on the left seat covered up, and I got full of blood on the right seat."

"Why was the left seat covered?"

"I was told it was covered with blood."

This witness said he drove the car practically from the time Henry brought the dead woman to the Owen home until the next day.

"How bloody was the seat?"

"It was bloody enough to make a big spot on my pants."

"Did you lift the seat up?"

"Yes, and blood ran in every direction after I had ridden about two hours."

"How much was that car run after the murder; after being taken in charge by the county authorities?"

The witness said he had gone up the Midlothian turnpike several miles. He declared the blood under the driver's seat still was soft the next day.

Counsel for the defense asked permission for its witnesses to make an inspection of the automobile. A deputy sheriff conducted these witnesses to the machine in a barn several hundred yards from the courthouse.

At this juncture Attorney Smith received a message telling him of an important new witness, and examination of witnesses was suspended. Rumors flew thick and fast that additional evidence concerning the alleged highwayman had been received, but counsel vouchsafed no explanation.

**BEATTIE POUNDS TABLE.**

When the prisoner read the message he became excited and pounded on the table several times, and his face flushed and he turned to his father and talked quickly to him. Smith immediately left the room.

It was learned that the witness will corroborate the story of a Richmond man that he knew of a man and woman who traveled the Midlothian turnpike on the night of the murder, and that the machine stopped once and the woman stood on the running board. Smith returned to the courthouse at

12 o'clock and continued his examination of Douglas Beattie.

Douglas Beattie described his first visit to the scene of the tragedy a few hours after it happened and his discovery of the big blood spot. He related how he motored back and forth that night on six trips, carrying different persons to the scene. He said that blood from the car was still on his hands when he handled the cushions.

On cross-examination the witness said when he ordered the bloody car washed, the left hand cushion was washed but not the right, because, the witness said, "we did not have time."

"What was the object of getting rid of the blood on the left hand seat and not the right hand seat which had more blood on it?" asked the prosecutor.

"Did not want to sit in it."

The left hand seat was the one in which the accused alleged that Mrs. Beattie sat.

**WOULD HAVE CLEANED AUTO.**

"I did not know the machine was to have been cleaned, later or I would have had it washed at once," said Douglas Beattie, "and, furthermore, the car would not have made any more trips that night."

"Explain what you mean by that."

"Well, I would not have given the detectives and others opportunity to ride around in the car and say what they have about it."

"Why would you deprive them of the opportunity?"

"Well, had I known that they were going to work up a case against my brother, I would have deprived them of it."

"Do you think that was right as a citizen, not as a brother, to destroy evidence?"

"Well, what man would not?"

"Would you destroy that evidence?"

"Yes, if it was going to be used as it has been falsely against my brother."

"But you were not there?"

"No."

"And yet you would have deprived the jury of that evidence?"

"Yes."

"Did not you at the coroner's inquest carry a message from Beulah Binford to Henry?"

"Not then, but later."

"The message was that she should not give up to the detectives except what was absolutely true?"

"Yes."

"You have stated that if you had known what you know now you would have destroyed evidence with respect to the Beulah Binford evidence."

"No. Henry's relations with Beulah Binford were well known to everybody in Manchester (South Richmond)."

"How about recent relations? Did you know of them?"

"Yes."

"Were they discussed in the family?"

"Yes. My brother came to me and said: 'Don't you know that damned girl is back in Richmond?'"

**"DEAR KID" LETTER.**

Here Prosecutor Wendenberg suddenly asked the witness if he knew his brother's handwriting. He said he did and the prosecution brought forth the "Dear Kid" letter, signed by the prisoner, with reference to Beulah obtaining a flat and payment of some money for furniture.

"Were you present at the coroner's inquest when Beulah Binford was on the stand?"

"Yes."

"Do you discuss this Beulah Binford letter with your brother?"

"No."

Smith, in re-direct examination, asked the witness if he ever had any objection to "a fair examination of the machine."

Court ruled it out as a leading question.

"Well, what was your position with regard to giving impartial evidence?"

The witness said he gave all the information possible and helped the detectives as much as he could.

Beattie took the stand again when court reconvened at 2:30 o'clock, after the noon recess.

"You gave directions to wash off the left seat. Did you do so about the right, too?" asked Attorney Smith, for the defense.

"No."

"Why?" "Because it was so bloody that I knew we would not have time."

"Did you know anything about a gauntlet in the machine?"

"I can't remember."

Charles W. Gordon, an automobile expert, testified that he had examined the Beattie car and that the blood on the seat went down to the front and side of the gasoline tank; a great deal had dripped to the brake band, and finally went to the ground.

of the room which is in the city of Berkeley; that his father registers and resides in the city of Berkeley, the house being numbered under the Berkeley system of enumeration and facing upon Woolsey street; the whole of which said street in front of said residence is located in the city of Berkeley.

**FATHER LIVES IN BERKELEY.**

"My opinion is that the father is a resident of the city of Berkeley."

"The provision of Section 52 of the Political Code of the State of California fixes the rules by which residence is ascertained and in subdivision 4 of the same section provides that the residence of the father is the residence of the unmarried minor child." Subdivision 6 of the same section provides that the residence of an unmarried minor who has a parent living, cannot be changed by either his own act or that of his guardian.

"The child of a father residing in Berkeley under such circumstances would, therefore, have an unquestioned right to attend the Berkeley High school without the payment of a tuition fee. Respectfully submitted,

**VICTIM OF PICKPOCKET.**

Mrs. William Rataalack of 1715 Filbert street complained to the police this morning that while she was on a crowded Grand avenue electric car between Washington and Filbert streets, a pickpocket stole a small purse containing \$5.00 from her handbag. She was unaware of the theft at the time it occurred, and was unable to give any description of the snatcher to the police.

EX-CONVICT ROBS HIS BENEFACTOR

Raymond Hope, 20-Year-Old Thief, Again in the Toils.

SAN FRANCISCO, Sept. 1.—With less than twenty-four hours elapsed since the release of San Quentin opened for his release at 7 o'clock yesterday morning, Linn Raymond Hope, 20 years old, found himself at 6 a. m. today behind the bars of the city prison, charged with grand larceny. At 5:45 o'clock this morning he robbed R. M. Robinson of \$23. Kennedy street, of \$50 and was arrested by Patrolman William Kavanaugh, who found him in hiding in an alley near Bush street, after a chase.

Dressed in a new suit of clothes and with \$5 in his pocket, the State agent went to prisoners upon their release from the penal institution. Hope made his way to San Francisco, and in one way and another succeeded in parting himself from his small-sized roll. Last night he went into Robinson's place and told him that he had no place to sleep. Robinson did the Good Samaritan act and took him to his room with him, caring his bed.

HEARD A NOISE.

Early this morning he heard a noise in the room, and raised up in time to catch a fleeting glance of his bedfellow as he went through the door. He jumped out of bed and found his trousers being upon the floor with the pockets wrong side out. His watch was nearby, Hope having dropped it when he was discovered. Donning his trousers, Robinson went in pursuit of the robber, and kept track of him in the street below until he met Policeman Kavanaugh. The latter took up the chase and arrested the fugitive. Hope had succeeded in getting away with \$50 that were in his benefactor's pocket.

The youthful jailbird, who had such a short taste of freedom, was sent to San Quentin to serve two years for assault with a deadly weapon. Early in 1909 he entered a shop at 41 Clay street, and in attempting to rob the place beat the keeper over the head. If convicted of the offense with which he is now charged it is likely that he will be returned to San Quentin with a limit sentence imposed upon him.

YALE GRADUATES TO RESTORE OLD MORY'S

NEW HAVEN, Conn., Sept. 1.—Yale alumni in all parts of the country who learned some time ago of the passing of "Mory's," a famous old student eating house, have raised a fund to replace it and practically reproduce it in an old house on York street, a block from the college campus. The rooms in this York street house will be arranged exactly as the original tavern and on the walls will be hung the same old prints and the famous table tops on which Yale students for many generations have carved their initials.

ONE DEAD, FOUR HURT, IN RAILWAY ACCIDENT

KINGSTON, N. Y., Sept. 1.—One man was killed and four seriously injured in a head-on collision between the Rip Van Winkle flyer and a passenger train on the Ulster and Delaware railroad at Halcoville last night. Signs set against the flyer failed to work properly and the trains met on a sharp curve. Both locomotives were demolished.

AGED WOMAN ENDS HER LIFE BY HANGING

LOS ANGELES, Sept. 1.—Despondent and in ill-health, Mrs. Nina M. Allen, 73 years of age, made a second and successful attempt at suicide here. She tied one end of a rope to the knob of a door in her apartments, passed the other end through the door and up and over the transom. Then she formed a noose in the free end of the rope and placing her head through it stepped from her bed.

MISS EDWARDS HAS RIVALS IS NOT ONLY PERFECT GIRL

PROF. G. H. PFUND, supervisor of physical culture in the local public schools, who declares that there are hundreds of perfect children attending the schools of this city.

Physical Culture Teacher in Oakland Schools Boasts of Pupils' Physiques

"There are hundreds of children in the grammar and high schools today who equal the chest development and physique of the perfect girl, Miss Margaret Edwards," declared Prof. G. H. Pfund, supervisor of physical culture in the Oakland schools, in an interview with a TRIBUNE reporter. The average chest expansion in the schools before the end of last term was 4.25 inches and it is believed that it will exceed that figure this year. The latest report has not been submitted by Professor Pfund, who is striving to obtain not only perfection in the chest, but also to develop well-rounded human beings. There are at present 1,011 children in the Oakland schools, according to Prof. Pfund, with a chest expansion equal to that of Miss Edwards of Berkeley.

"In all the schools," said Prof. Pfund, "we may find boys and girls, with perfect symmetry of body. It is a common thing in our local schools to find children who have attained bodily perfection. Breathing exercises are of the utmost importance for our well-being. They give excellent results, are easily practiced and on the other hand they are easily neglected. No other action of the body is so habitually carelessly performed. The health of the child depends on the method of breathing. To breathe is to live, without breath there is no life. Half-way breathing means half-way living. Unfortunately most of us have our lungs not more than half-way developed, largely due to the fact that we never have been told how to breathe, or no one insisted upon us taking daily breathing exercises, which are most essential to healthy minds and bodies."

The breathing standards outlined by Prof. Pfund for the first half of the school year are as follows: The fifth grades should obtain a minimum average of 5.50 inches expansion; the sixth grades, 5.75 inches; seventh grades, 4 inches; and the eighth grades, 4.25 inches.

At the end of this term a period of four years will have elapsed since the first breathing records were taken by Prof. Pfund. The result of the next breathing test, to be held in December, will probably show a great improvement in the lung power of the child.

Prof. Pfund asserts that every school child should be able to expand 4.25 inches by the end of this term.

Both Sides to Controversy Are Seeking Pacific Ending of Issue.

mitted except those directly concerned in the negotiations. Both the railroad and labor officials refuse positively to permit a stenographic report of the proceedings to be transcribed. They also refused permission of photographers to take pictures of the assembled group.

QUESTION OF THE HOUR.

After a fruitless effort to obtain any degree of satisfaction through previous interviews with railway representatives in Chicago and New York, the question of the hour, as affecting the peaceful operation of the Southern Pacific lines and harmony between the railroad people and their employees, has been shifted to this city for an answer.

Called here the first of the week on family matters, Vice-President Kruttschnitt announced in Chicago as he hurriedly left and while affairs were still pending in regard to the labor question that he would be glad to meet the labor union representatives in San Francisco if they cared to hold a conference with him. Accordingly the five mentioned union labor leaders traveled train and followed Kruttschnitt across the continent in order to obtain a hearing. They arrived here two days ago and took up their headquarters at the Hotel Dale. Then they went into conference among themselves and with local representatives.

ASK FOR HEARING

Late yesterday afternoon they decided to formerly ask Vice-President Kruttschnitt for a hearing today and he said, "I shall be glad to meet you tomorrow at 11 o'clock. Until that time I shall be very busy with other affairs, but at that hour I will be in my office and you will be welcome, gentlemen."

Upon the outcome of the conference hinges a vital condition. Union representatives went into the presence of the vice-president merely as the heads of their respective organizations. It was only upon this understanding that the railroad chief sent word he would be "at home."

Chicago Railroad Men Keep in Touch With San Francisco

CHICAGO, Sept. 1.—Following the refusal of President C. H. McArthur of the Illinois Central Railroad to recognize the Federation of Shopmen, the twenty-seven delegates representing the nine crafts held several conferences today and kept in close touch with the situation in San Francisco, where Vice-President Julius Kruttschnitt of the Harriman lines is to meet with union labor leaders.

Three courses are said to be open to the leaders of the 8000 shopmen employed by the Illinois Central Railroad: 1.—To call out the shopmen employed by the Illinois Central at once, either in a separate strike or in connection with a general strike of all shopmen on the Harriman lines. 2.—To secure a thirty-day notice abrogating existing wage agreements withholding the strike order until the expiration of that period and in the meantime make an effort to resume negotiations for peace with the railroad officials. 3.—To recede from their demand that the railroads recognize the Federated Organization of Shop Employees.

WILL SOON DECIDE.

It is believed that one of these alternatives will soon be decided upon. Several of the delegates have, it is said, expressed themselves in favor of giving the railroad company thirty days' notice of the abrogation of wage contracts. If this action is decided on, the question of calling a strike will be a distant one. Local heads of the shopmen have wired to the representatives at San Francisco for advice and it is said they will be guided to a certain extent by the answer received to this message. The labor chief declines to discuss the work today, although several important conferences were held at which the entire situation was carefully considered.

The report that an employment agency of the South Side had engaged 500 strikers for immediate use on the Harriman lines in the West was brought to the attention of the labor men today, but they declined to comment on it.

GOMPERS ON WAY.

PORTLAND, Ore., Sept. 1.—Samuel Gompers, president of the American Federation of Labor, spent the forenoon today in his apartments resting. This afternoon Gompers will leave for San Francisco.

ANNUAL COUNCIL OF CHURCH IN SESSION

DULUTH, Minn., Sept. 1.—With the celebration of Holy Communion by the Right Rev. Daniel Sylvester Tuttle of Missouri, presiding bishop of the Protestant Episcopal church in the United States, and an address by Archbishop Samuel Pritchard Matheson, primate of Canada, the annual council of the missionary department of the Episcopal church opened a three-day session here today. Following the early services, the business meeting will be held, Brewster of Montana, president of the department, presiding.

"BLACK HAND" IS TO BE CHECKED

New York Passes Stringent Laws to Curtail Its Activity.

NEW YORK, Sept. 1.—Two new laws went into effect in New York State today which the police here expect will do much to curb the activities of kidnapers and "black hand" extortionists. The new laws extend the definition of extortion, double the penalty for the "black hand" letter writer and double also the penalty for kidnaping.

One of the new laws distinguishes between "kidnaping a child where a parent is considered and where the kidnaper is other than a parent. If by a parent of the person kidnaped, the penalty is imprisonment for a maximum of ten years, but if by a person other than a parent, imprisonment for a maximum of fifty years and a minimum of ten years. A person found guilty of extorting money under these laws is hereafter punishable by imprisonment for not more than twenty years.

MAIL SERVICE TO CLAYTON IS DESIRED

CONCORD, Sept. 1.—Restoration of the mail service out of Concord to Clayton is the desire of a large number of people of the latter district who will be represented in a protest which is to be made to Congressman Joseph R. Knowland by a committee of Dore consisting of Sheriff R. E. Vaele of Martinez, Thomas K. Duncan of Concord and John Atchison. This committee is to visit Knowland in his Alameda home tomorrow and ask that he intervene with the federal authorities to have the service re-established.

The federal authorities several months ago ordered the discontinuance of the service, which had been in operation for over forty years. The mail is now being delivered to the district about Clayton from Antioch, which is a distance of but five miles. As a result of the change the Clayton residents have to wait two days to get their mail.

## GOMPERS ASKED TO AID FIGHT

Anti-Japanese League Wants Eastern Labor Bodies to Give Assistance.

At the last meeting of the Anti-Japanese League of Alameda county the following resolutions were unanimously adopted:

"Be it resolved, That the Hon. Samuel Gompers be respectfully requested to bring to the attention of the different labor organizations of which he is the honored head, the unfair and undesirable unequal and vicious Japanese competition which is now jeopardizing and will in time demoralize the industrial, commercial, agricultural and social welfare of ninety millions of American people; and be it further

"Resolved, That the Eastern labor organizations be asked to co-operate in giving publicity to the anti-Japanese movement inaugurated for the purpose of retarding and eliminating vicious Asiatic industrial and commercial competition and monopoly by a refusal of patronage;

"That they further advocate and urge the adoption of stringent and effective Asiatic exclusion laws, thereby aiding in keeping from our shores the yellow hordes of Asia (Japanese, Hindus and Chinese), who are now acquiring our land, demoralizing the labor movement, and being turned into unassimilable and undesirable American citizens.

"Respectfully submitted by the Anti-Japanese League of Alameda county, California.

"HERBERT A. ONGERTE,

"President Anti-Japanese League of Alameda county, California.

"C. U. Shilling, secretary; L. V. Walker, Henry N. Tum-Saden, committee."

## DESPONDENT TANNER ENDS LIFE WITH RAZOR

James Duncan, a tanner 32 years of age, cut his throat with a razor last evening in the bathroom at his boarding house, 1053 East Fourteenth street, and died from the wound in a few minutes. It is stated by his friends that he threw himself over a cliff last Sunday in an effort to take his own life, but was only slightly injured. Melancholia given by his friends as an explanation of his act, but people in the boarding house in which he resided declare that he had been killed by a young woman with whom he was in love, and was despondent as a result. Duncan was a native of Scotland, and so far as is known, had no relatives in California. He had been in good health, and had not been out of work. An inquest will be held into the cause of his death Wednesday afternoon at 1:30.

## ELECTRIC FOG HORN TO BE HEARD 12 MILES

SAN FRANCISCO, Sept. 1.—An electric foghorn, probably the first to be tried in the world's history, is to be heard soon at Buena Vista, near the city. The invention was suggested by Commander Moffett of the lighthouse inspection service in this city.

Some time ago Moffett wrote to a large manufacturing establishment of electric automobile horns and inquired whether they could make an electric foghorn that could be heard for a distance of twelve miles. The reply came that the proposition was perfectly feasible, and that the firm could manufacture a horn for the Angel Gabriel that could be heard around the world.

He was advised by the firm yesterday that the twelve-mile horn was ready for the test, and Moffett ordered the novel signal to be forwarded to this city at once.

BOSTON BROKERS FAIL. BOSTON, Sept. 1.—The stock brokerage firm of C. A. Pagan & Co., members of the Boston stock exchange, announced their inability to meet their obligations yesterday. The firm had been members of the local exchange since 1896.

## ALAMEDA WINS BLUE RIBBON

This County Secures First Prize for Exhibit at State Fair.

SACRAMENTO, Sept. 1.—Alameda county with a handsome exhibit of fruits, cereals, produce and manufactures, last night carried off the first honors among the county exhibits. The judges after viewing all the county displays awarded first prize to Alameda county. Los Angeles, which for years has carried off the blue ribbon prize, won second prize, and Placer county, which was awarded to exhibit her resources in an annex to the pavilion, drew third honors. The award of the judges occasioned much surprise as Los Angeles was conceded the best chance.

Aviator Wiseman got off the ground yesterday for the first time since Monday, when his airplane was wrecked. His flight was short, but he has promised daily flights from now on.

In the absence of the aviator the nightly program of fireworks has become the feature number of the fair. Last night fully 10,000 people were attracted by the brilliant display. The horse show held in a large tent on the grounds at night has been drawing largely.

In honor of Sacramento day most of the stores in the city will close today at noon. The running of the Stanford stake will be a feature of the harness meet.

Fresno was awarded fourth, San Diego fifth, Tehama sixth, Colusa seventh and Merced eighth for general exhibits.

In class B, for the best products of the soil, Colusa won first prize, Merced second.

## BODY OF MINER FOUND IN SHAFT

Top of Ladder Platform Reveals Prostrate Form Overcome by Smoke.

ELY, Nev., Sept. 1.—When the shaft of the Giroux Consolidated Mine, which was closed Friday to extinguish the fire, which caused the death of 7 men, was reopened yesterday the body of Daniel Drea, secretary of the local miners' union, was found on top of the ladder platform within fifteen feet of the surface. He almost had reached safety when he was overcome by the smoke and heat. The remains of John McNulty are still in the mine, the shaft being too hot to permit an entrance.

## BRIDE OF TWO WEEKS SEEMINGLY DESERTED

SACRAMENTO, Sept. 1.—Married in this city just two weeks ago, and seemingly deserted by the man she married after a courtship extending over a year, is the plight of Mrs. L. J. Middlecamp (Winifred Snider) of Princeton. Mrs. Middlecamp declared between her tears that her husband left at 9 o'clock this morning without saying where he was going. When he did not return this afternoon she became anxious and the hours slipped by she appealed to the police. When Middlecamp left he had \$30 with him.

## FEDERAL LAW FAILS TO COVER ACCIDENT

WASHINGTON, Sept. 1.—It has been discovered by officials of the Interstate Commerce Commission that if a broken rail was responsible for the disaster on the Lehigh Valley railroad near Manchester, N. Y., the federal government will be powerless to prosecute. It is pointed out that the federal laws governing the physical parts of a railroad only relate to engines, cars, and equipment, and that there is nothing that stipulates that rails must be looked after.

## CRIMINAL LAW AND CRIMINOLOGY DISCUSSED

## U. S. SOLDIERS TO BE TAUGHT IN FRANCE

WASHINGTON, Sept. 1.—The War Department is struggling to make the American cavalry soldier a perfect, fearless, dashing rider, like his forefathers in the days of the Indian campaigns. With that end in view, Captains Conrad S. Babcock and Henry R. Richmond and Lieutenant Adna R. Chaffee, all of the cavalry, are about to leave this country for a year's course of instruction in riding in the French school at Saumur.

## BEET SHORTAGE ABROAD CAUSES SUGAR ADVANCE

SAN FRANCISCO, Sept. 1.—E. F. Atkins, head of the American Sugar Refining Company, who is a guest at the Palace, on a business and pleasure trip to the Coast, in commenting upon the recent advance in sugar, said that it was due principally to the crop shortage of Austria and Germany. Whether or not the price would remain at the present level or go still higher, he said, depends largely upon further developments as to the European beet crop.

## PETER SWEENEY OF BOSS TWEED REGIME IS DEAD

NEW YORK, Sept. 1.—News has been received here of the death of Peter B. Sweeney, known as Peter "Brains" Sweeney, because he was credited with possessing the brains of the old "Boss" Tweed ring of politicians, which controlled New York in the late sixties and early seventies. He died at Lake Mohonac, N. Y., at the age of 86 years, having received fatal injuries by falling on a stairway.

Few men in their day were as conspicuous in the life of New York as Peter B. Sweeney. He held many public offices, was prominent in politics and until the time of the Tweed investigation was a powerful influence in public affairs.

The son of an Irish immigrant who kept a saloon, Young Sweeney in his early days had little opportunity of gaining a education. He began his career as an errand boy in the law office of James T. Brady.

## TO ERECT \$2,000,000 ART GALLERY INDUSTRY LEAGUE DISCUSSES PLANS

Design for a museum and art gallery which it is proposed to erect on the site of the Mark Hopkins Institute at Mason and California streets, San Francisco.

## More Than 150 Manufacturers Are Present at Meeting in Palace Hotel

SAN FRANCISCO, Sept. 1.—Plans for a museum and art gallery to be erected on the site of the Mark Hopkins Institute, at Mason and California streets, were discussed yesterday at a meeting of the Home Industry League at the Palace hotel.

The new institution is to be the art center of the Pacific coast, corresponding to the Metropolitan Museum of Art in New York.

Frank H. Gould introduced the subject in a speech, in which he referred to California's attributes as an art center. He outlined in detail the plans for the institution.

### \$2,000,000 BUILDING.

The new building is to be 500 feet high and will cover half a block. The cost of construction will be in the neighborhood of \$2,000,000. Charles E. Holloway, who brought the project to a head with Henry Smith, the architect, are arranging for its submission to the state authorities.

Gould said: "San Francisco was the ideal art center of the western hemisphere. Paris, he pointed out, attained its fame as an art center because of the priceless exhibits.

Students and art lovers were drawn to Paris to study the old masters, and it was proposed that in San Francisco an art gallery of monumental proportions be erected to guard the art treasures brought to this country by wealthy Americans.

More than 150 manufacturers were present at the meeting. The proposal that the league take the initiative in making San Francisco an art center and in erecting a building that would be a feature of the Panama-Pacific Exposition, excited general enthusiasm. A. C. Rulofson, president of the league, commented on the plan in an address in which he dwelt on the

commanding position the gallery would occupy on the crest of Nob Hill, where it would dominate the landscape of the city.

The plans of the building as prepared by Henry Smith, the architect, were discussed. The site is 200x275 feet and occupies the western half of the block bounded by Mason, Powell, Pine and California streets. It is proposed to have a building of four stories. The lower two floors are to constitute an assembly hall and art gallery. The hall will have seating capacity for 5000 persons. The third story is to be used for exhibition purposes, and in conjunction with the other story will form a permanent gallery.

The building will cover an area of 150 feet on Mason street and 175 feet on California street. It is to be built of white California marble and granite. The interior is to be finished in California marble and onyx.

### MATERIALS FROM STATE.

All the material are to be the product of California industries and the building is to be composed entirely of steel, stone and glass.

Arrangements have been made for sculpture on the exterior of the building, representing California pioneers and other symbolic figures.

From the prominence of the location of the building it would be visible for miles at sea, and throughout the surrounding country.

"No more valuable, useful, profitable, picturesque and magnificent memorial of the completion of the Panama canal than a structure of this character can be conceived," said Architect Smith. "Of all the splendid things visitors to our exposition would see none would remain to vividly etched so permanent as the recollection of this art gallery and museum."

## SEEK REDUCTION IN FREIGHT RATES

Redwood City People Dominant in County Campaign to That End.

REDWOOD CITY, Sept. 1.—In order to stimulate public interest in its strenuous campaign for a reduction in transportation rates between San Francisco and points down the peninsula, the board of governors of the San Mateo County Development association has instructed Manager L. E. Fuller to spare no pains or expense to secure a big gathering of citizens at the meeting with the state railroad commission, which will take place in this city tomorrow afternoon.

The meeting will be merely a friendly discussion of existing conditions, and for this reason Seth Mann, legal adviser of the association, will not be asked to attend. After consulting with the railroad commissioners, the promotion body plans to take its fight for lower rates into the courts.

Among those who will present the claims of San Mateo county before the commissioners in the courthouse on Saturday afternoon are:

F. A. Cunningham, W. J. Martin, Thomas A. Hickey and Judge Ambrose McEvoy of San Francisco; Francisco, A. J. Green of Daly City, James T. Casey of Colma, J. M. Custer of San Bruno, S. D. Mark and G. J. McGregor of Burlingame, Rev. William A. Brewer of Hillsborough, Charles M. Morse, William H. Brown, Captain E. N. Royden, E. L. Hoag, W. M. Roberts and Captain John Barneson of San Mateo, Asa Hull of San Carlos and Belmont, D. R. Stafford, H. C. Tuchen, L. P. Behrens and George C. Ross of Redwood City, James T. O'Keefe, P. H. McEvoy and John MacBain of Menlo Park, Alvin Hatch and Joseph M. Francis of Half Moon Bay, D. E. Blackburn of Pescadero.

## ABANDONED VESSEL RESCUES ITSELF

ASTORIA, Sept. 1.—After being abandoned by its master and crew, the stranded steamer schooner Aurelia, apparently decided to rescue itself. During the night it was carried by the swells several hundred feet across the spit and into comparatively deep water. Captain Genereaux, underwriters' salver, has taken charge of the vessel. He has engaged a tug and expects to haul the Aurelia into the channel at high tide.

## THE TONS SURE ARE SOME FAMILY

Roster in Little Over Half a Century Carries 601 Names.

CHICAGO, Sept. 1.—Knowing of former President Theodore Roosevelt's encouragement of large families, the Tons, said to be the largest family in America, invited him to address their annual reunion, which was held yesterday at Blue Island, near this city. He sent his regrets in this letter:

"If you realize the innumerable requests I receive to make speeches, you would know that it is out of the question for me to consider anything in the nature of a private invitation. All I can do is to express my cordial good wishes to the whole Ton family.

"I like to read of an American family of 601 living members of the type I represent. The Tons are, in which 601 have been accumulated in little over half a century."

## CANDIDATES OUT FOR ELECTION

Lively Contest Looked For in Chamber of Commerce Committee.

The election of a chairman to preside over the activities of the progress and prosperity committee of the Chamber of Commerce during the coming year will be the feature of the regular meeting of that committee tonight at the Chamber of Commerce rooms. A spirited contest for this office is expected, for a number of the most active workers in the committee have come forward as candidates, each backed by a strong following.

The present chairman, Irving Kahn, is understood not to be a candidate for re-election, the candidates being W. E. O'Connell, A. W. Phillips, John B. Jordan, Fred E. Reed and Dr. J. B. N. Clow. Reed is the present vice-chairman of the committee and was prominent in the last election, Phillips and Gibson have both acted as chairman on numerous occasions, and the other men are active workers in boosting, so the choice of a chief officer seems uncertain.

Other officers of the committee will be elected as well, but as activity of the committee depends in large part on the chairman, the interest of the election centers in that office.

## DYNAMITARD WILL BE SENTENCED TOMORROW

Charles H. Pickard, who has been found guilty in Judge Bledsoe's court on the charge of dynamiting a house in East Oakland several months ago with the intent to do injury to individuals, will receive his sentence two days earlier than was expected. He will be brought to court tomorrow and be told his fate. It was intended originally to sentence him Monday next, but it was discovered that Monday would be a holiday, and accordingly the date was changed until tomorrow.

Pickard placed an infernal machine inside his house and so arranged it that when doors should be opened the machine would explode. The house was entered under legal process by several deputy sheriffs and Constable A. K. Kihn. When the door was opened a fierce explosion took place and all of the officers were stunned and Kihn was badly injured. He has since recovered from his wounds.

## INTERESTED IN DIVORCED SPOUSE

Mrs. Schwabacher Fears That Former Husband's Home Is Not Comfortable.

SAN FRANCISCO, Sept. 1.—With the granting of the divorce decree which legalizes the separation of Max Schwabacher, the tea merchant, and Blanche Bachman Schwabacher, at cause of dissension between the pair seem to have disappeared, and most cordial relations have been restored.

Questioned regarding her present attitude toward the man whom she found most unsatisfactory as a husband, Mrs. Schwabacher, in her apartments in the Fairmont Hotel, readily admitted that she takes an active interest in his welfare. Max Schwabacher left the Fairmont Hotel, where he and his wife have been living in separate apartments for some time, and secured apartments on Van Ness avenue, after the granting of the divorce last Tuesday.

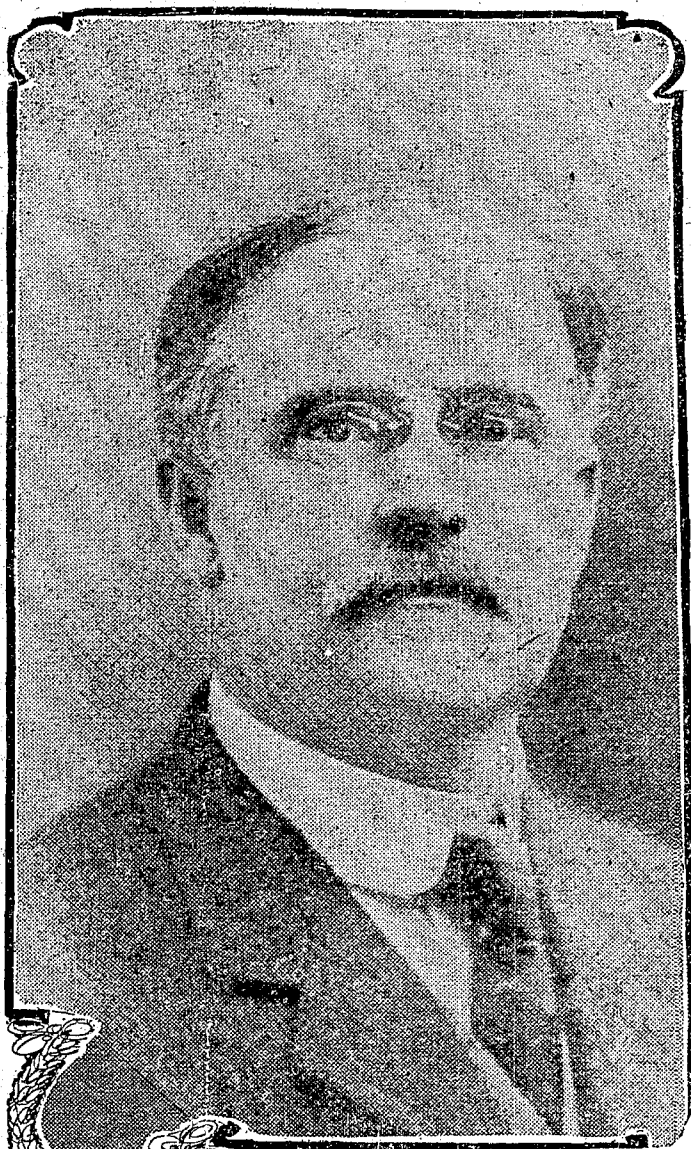

Mrs. Schwabacher fears he will be uncomfortable there, and has planned to fit up a cottage for him according to his taste as she became familiar with it in the course of her nine years' life with him. Max Schwabacher's mother is joining with her former daughter-in-law in this plan.

## TO DISCUSS IDEAL SCHOOLS PROMINENT MEN TO SPEAK

PRESIDENT BENJAMIN IDE WHEELER of the State University, who will take prominent part in the public meeting called for tonight by the Board of Education to discuss heating ventilation and general sanitation of school buildings.

## Meeting Is Called Under the Auspices of the Board of Education

Eminent authorities on school buildings and student life will address the mass meeting to be held this evening in Chabot Hall, Grove and Eleventh streets, under the auspices of the local board of education. The speakers will be Benjamin Ide Wheeler, president of the University of California, who will give his views upon "The Ideal High School"; Professor Charles Gilman Hyde, head of the department of sanitary engineering in the University of California, who will speak on "School Sanitation"; Prof. John Galen Howard, the architect, will discuss "Our New School Houses" from an architectural standpoint; William B. Ireland, a heat and ventilating expert, will speak on "The Best Modern Methods of Heating and Ventilating," and Superintendent of Schools J. W. McClymonds will discuss "Open Air Schools."

Calvin M. Orr, president of the Board of Education, will make the introductory remarks. One object of the school board in calling tonight's meeting is to standardize the schools to a California type of architecture, which will be practical and attractive.

**MANY FRIENDS ATTEND MCCOY FUNERAL SERVICE**  
SAN LEANDRO, Sept. 1.—The funeral of the late Wallace McCoy, son of Mr. and Mrs. W. J. McCoy, who died here last Wednesday after a long illness, due to tuberculosis, took place this afternoon and was attended by many friends from this section. The funeral service was read by Rev. Monroe Drew, pastor of the Presbyterian church of this place. The ceremony was conducted at the late home of the decedent in the presence of the family.

The remains will be cremated in Oakland. The floral offerings were numerous, many of them coming from old-time companions at the University of California, of which decedent was a graduate.

## CLUB IS AFTER MORE MEMBERS

Oakland Rotary Organization Also Wants to Collect Its Dues in Advance.

At the regular meeting of the Oakland Rotary Club, formerly the Tri-City Rotary Club, held yesterday, the questions of increasing the club membership and securing attendance of members at club meetings were brought up for discussion. It was proposed that the dues of the members be collected in advance which, it was believed, would act as a spur to keep up interest in the organization.

A plan was also considered for the rotation of the chairmanship of the club, following the transaction of its regular business, in which each member of the body in turn looks after the remainder of the program. This suggestion was made by Robert Robertson, chairman of the club, who has recently been in Portland attending the convention of the National Association of Rotary clubs, and who there saw the scheme in successful working order.

The chairman also discussed the necessity of greater publicity for Oakland, declaring that of the large number of Eastern people present at the convention, very few had more than a hazy idea of Oakland's location or possibilities. One of the principal improvements deemed necessary was the reclamation of the marsh land forming an approach to the city, without which, he said, the new Sixth street depot would not make the proper impression.

## CARS NOW TAP TOLER HEIGHTS

New Line Begins Running Today, With a Five-Minutes Headway.

ELMHURST, Sept. 1.—The new branch car line running along Nineteenth avenue, from East Fourteenth street, from Toler Heights, just beyond the football boulevard, was completed yesterday and a five-minute service commenced this morning. The line is a single track affair, but will be doubled later by the Oakland Traction Company when the patronage justifies the necessary expenditure. The line is nearly two miles in length and taps one of the new residence districts north of Elmhurst and will be a boon to the many commuters in that section. The line will be known as the Toler Heights extension.

## BURGLAR SUSPECT HAS PRIOR CONVICTION

Paul H. Martins, who has served sentence for petty larceny in Oakland, was arrested by Inspectors Drew and Quigley, and this morning booked on a charge of burglary. The complaint is sworn to by John Demetree of 856 Broadway, whose room Martins is believed to have looted. The arraignment on the felony charge, with the one prior, will be called in the local police court tomorrow morning.

## ANNOUNCEMENTS.

## RUSSIAN COMEDY DUO MAKE MERRY AT BELL

THE MAKARENKOS, Russians, in folk songs, dances and some comedy at the Bell this week.

It is seldom that a foreigner attempts much in the comedy line, yet the Makarenkos, at the Bell this week, get away with a lot of it. They do a little "ragging," they pull off some American humor, they sing the latest song hits like natives of Broadway, and altogether present an act that goes big. Of course their feature is the folk songs of their fatherland and the native dances, but with the introduction of this quaint comedy of theirs they prove to be one of the biggest cards of a very excellent show throughout.

## BARON CSAVOSSY TAKEN TO A PRIVATE ASYLUM

VIENNA, Sept. 1.—A member of the Upper House of the Hungarian Parliament, and of the oldest Hungarian nobility, Baron Julius Csavossy, has been taken from the Budapest Hotel where he was staying to a private asylum. Members of the family had obtained the certificates of three Budapest doctors that in their opinion the baron was insane, and that it was dangerous to permit him to go unrestrained.

When the baron's daughter, widow of Baron George Rajacich, heard of the three days later she telegraphed for the famous Vienna expert, Dr. Franz

stek, and drove with him to the asylum to examine her father. Dr. Csavossy had had the baron under observation some internal trouble and had noticed many indications of a disordered mind.

The managers of the asylum refused admittance to both the professor and the Baroness Rajacich, saying they were not authorized to permit anyone to see him unless sent by the person who had caused the baron to be placed in the asylum.

The baroness immediately demanded all who had any part in the baron there. The police officer Chvostek to give his opinion

Logic for the Housewife

The laws of California state that butter must contain at least 80 per cent pure butter fat, and when exceeding 16 per cent water the United States government regulations class butter as adulterated. Still there are creameries that persistently try to evade the law with excess water, salt or other matter. When you purchase Golden Glow butter you are assured of purity, full net weight, long keeping quality, sweet flavor and conscientious treatment. You, Dear Consumers, are the Judge. HADLEY ACCEPTS  
\$10,000 OFFER

Will Direct San Francisco  
Symphony Orchestra's  
Initial Efforts.

SAN FRANCISCO, Sept. 1.—The directors of the Musical Association received a telegram yesterday from Henry Hadley accepting the position of director of the Symphony Orchestra for its first season, which was offered him, at a salary of \$10,000.

Hadley telegraphed from Westport, Mass., having arrived in New York from London on Monday. His message was: "I accept your offer with pleasure. Wire number of weeks in season."

In response the directors sent Hadley a telegram asking him to arrive at San Francisco, and upon his arrival the work of organizing the orchestra will begin.

It is expected that the opening concert will be given in December and the desire is to give twelve concerts in the first season, as well as a number of popular concerts for school children on Thursday afternoons.

GASOLINE TANK ON  
LAUNCH EXPLODES

BALTIMORE, Sept. 1. — Members of the crew of the revenue cutter Mohawk, who were searching for a deserter from the ship, had a narrow escape from drowning late last night when the gasoline tank of their launch exploded, forcing the men to jump overboard. They were all saved. Two of the seamen, E. L. Lawton and Coxswain Laughan, were severely burned. The launch was in command of Lieutenant Frank P. Daniels.

Pure Blood on  
Pike's Peak

A group of scientists composed of two doctors of medicine from Oxford University, England, one from Yale and one from Colorado College, who conducted experiments on Pike's Peak during the past summer, have announced that at that altitude the blood is richer in red corpuscles and therefore purer and more capable of repelling and combating disease.

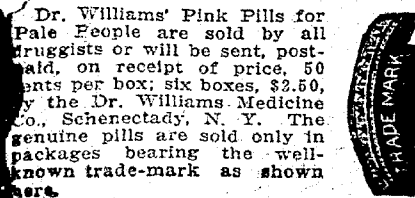

Unfortunately, many who need richer, purer blood cannot live at a high altitude because their means of livelihood is nearer the sea level. To these it is important that the red corpuscles in the blood can be increased and the same resulting benefits gained by the use of Dr. Williams' Pink Pills for Pale People. Read this evidence:

Miss Jessie Johns, of Gladstone, Ore., says: "About four years ago, while living in Wisconsin, I was greatly run down in health as a result of six weeks of sickness. I did not seem to get back my strength, but was weak all over. I was thin, pale and nervous. I wasn't able to do much of anything and had to give up teaching school.

"I was treated by three or four doctors and they said they were afraid I was going into consumption. They did not help me and I finally gave up their treatment to try Dr. Williams' Pink Pills. The pills helped me from the start and I kept on with them until I felt entirely well. I regained my strength and my health has been quite good since then."

If you are interested in the cure of any disease dependent upon pure blood, such as anaemia, rheumatism, stomach trouble, nervous disorders, after-effects of the grip and of fevers, write today for the booklet, "Why Red Blood Means Health." It will be mailed free to any address.

Dr. Williams' Pink Pills for Pale People are sold by all druggists or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes, \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y. The genuine pills are sold only in packages bearing the well-known trade-mark as shown here.

ALLOWS GAMBLING  
IN CARSON JAIL

Warden Baker Removes "Lid" and Permits Games Among Prisoners.

CARSON CITY, Sept. 1.—Abe Ruef's uplift at San Quentin penitentiary in California has been thrown far in the shade as a means of making convicts contented by Warden Ray Baker of the State prison here.

Baker has introduced gambling into the prison—and that, too, in a State which only recently killed the game. The disclosure of Baker's innovation has caused no small amount of talk, with hints that it may come in for an official investigation. Still, Baker's record for improving prison conditions, his friends say, will far outweigh any clamor against his action.

LID IS OFF.

The "lid is off" in the Carson penitentiary. Roulette, faro, craps, klondyke, fantan, monte, chuck-a-luck — everything goes.

And the play is big. It would make the most cold-blooded of dealers' eyes widen at the crowds that nightly surround the tables.

The prisoners run their own layouts and favorite games are run by favorite bankers. And right here is the strangest part of it all:

The never has been a crooked game. Murderers, highwaymen, thieves, pickpockets, burglars, crooks of every sort, reach a common ground of honesty.

UNWRITTEN LAW.

It is an unwritten law among them that any shady or crooked playing shall meet with quick ostracism.

Prison money is used, equivalent on its face value to real money, redeemable on the order of a prisoner.

No man can play to excess or lose a large amount because he only gets so much prison money anyway.

CLAPP CHAMPIONS  
SUFFRAGE CAUSE

Minnesota Senator Makes Plea for Equal Rights at San Jose.

SAN JOSE, Sept. 1.—Strong pleas for woman's suffrage, the recall and other progressive legislation to be voted on at the special constitutional election were made at a meeting last night by Senator Moses Clapp of Minnesota and Gall Laughlin, a woman attorney of Denver. The meeting was held in the Garden theater, under the joint auspices of the Direct Legislation League of California and the Santa Clara County Suffrage Amendment League.

"The people delegate a power to the state legislature," Senator Clapp argued, "and they have a right to hold the power of revoking that delegation of authority at their pleasure." The Senator also made a strong plea for the adoption of woman's suffrage constitutional amendment, putting his argument on the grounds that suffrage is a matter of right and a way of improving public morals. Senator Clapp defined the insurgent movement as an effort to get government back into the hands of the people.

Gall Laughlin, of Denver, Colo., a woman lawyer, made a strong plea for suffrage, arguing that "women voters do much to bring about reformation in politics. She urged on the hearers her belief that progressive legislation in this state would be given an impetus by women voters. She cited the juvenile court laws of Colorado as the handiwork of women at the polls.

W. R. WHEELER TO  
ATTEND HEARING

SAN FRANCISCO, Sept. 1.—W. R. Wheeler, manager of the traffic bureau of the Merchants' Exchange, will leave Saturday night for Portland, Ore., where he will attend the hearing before Interstate Commerce Commissioner Franklin K. Lane of the San Francisco-Portland rate case.

It is the traffic bureau's intention to look after the interests of San Francisco shippers at the hearing. The bureau is striving for the adoption of a consistent policy with regard to rates from San Francisco to northern points. The hearing is expected to require several days.

A group of scientists composed of two doctors of medicine from Oxford University, England, one from Yale and one from Colorado College, who conducted experiments on Pike's Peak during the past summer, have announced that at that altitude the blood is richer in red corpuscles and therefore purer and more capable of repelling and combating disease.

BARS DOWN TO  
WOMEN SMOKERS

Special Rooms to Be Built on Liners for Devotees of the Weed.

SAN FRANCISCO, Sept. 1.—An important move was made yesterday in the stern war for the commercial supremacy of Pacific now being waged between the United States and Japan. The officials of the Pacific Mail Steamship Company decided that the Toyo Kisen Kaisha people had had things their own way too long and that something would have to be done quickly.

So they decided to follow the lead of the Japanese line and let the women smoke all they want to on the Pacific Mail liners Manchuria, Mongolia, Siberia and Korea. A lounging, and smoking-room to be used exclusively by the women will be built on these ships. Possibly poker and other manly pursuits will follow in the wake of the smoking privilege.

"Quite a number of women traveling between the Far East and this port are in the habit of indulging in an after-dinner smoke," said an official of the Pacific Mail. "On the big liners of the Atlantic and the ships of the Toyo Kisen Kaisha an opportunity has been afforded the fair devotees at the shrine of the fragrant cigarette, to adjourn to the private smoking-room, away from possible observation of the other sex.

"The Pacific Mail is determined to hereafter afford to its patrons every opportunity to make the voyage across the Pacific a thing of joy. As it is well understood that at present, when a woman desires to indulge in a few puffs at the nicotine tube, she is compelled to seek the seclusion of her stateroom. This will soon be a thing of the past."

SOLEMN TRIDUUM  
ON ANNIVERSARY

Founding of Catholic Ladies' Aid Society Is to Be Celebrated.

SAN FRANCISCO, Sept. 1. — In celebration of the 25th anniversary of the founding of the Catholic Ladies' Aid society a solemn triduum will be held in St. Mary's cathedral on Tuesday, Wednesday and Thursday next. The event will be celebrated by the local society, the members of the societies from neighboring cities and the members of all parts of the State. A special musical program has been arranged and many of the best known musicians of the community will take part in the ceremonies.

Mass will be celebrated in the cathedral Tuesday and Wednesday morning, beginning at 8 o'clock. Services in the evening will begin at 8 o'clock and will consist of rosary, the Mass, the sacred heart, which is the ritual prayer of the society, a special sermon, and the benediction. The Catholic Ladies' Aid society, Rev. Father McMullen will preach the sermon.

PONTIFICAL MASS.

The triduum will end in a pontifical mass Thursday morning at 10 o'clock. In this service Archbishop Riordan will occupy his throne. Bishop Connel will celebrate the mass and Rev. Father McMullen will preach. The master of ceremonies will be Rev. J. J. Cantwell, secretary to the archbishop and Rev. C. A. Rann and Rev. W. P. Sullivan will act as deacons of honor to the archbishop. Rev. J. B. Hannigan will be the organist and the Rev. J. M. Byrne subdeacon. Rev. J. J. Prendergast will assist in the sanctuary.

An augmented choir will render the music of the mass under the direction of Professor J. J. Harrison. The music is rearranged from the mass of the Gregorian church. Zangarilli's "Jubilate" will be sung by David Manly as an offertory and the congregation will sing the "Te Deum."

The Catholic Ladies' Aid society was founded 25 years ago by Mrs. Mary J. Lohse and other Catholic women who realized the growing needs of organized charity. The founders received the endorsement at the time of the late Rev. Michael King, pastor of St. Mary's church in Oakland, and the approval of the archbishop.

A celebration was held in St. Mary's church this week and was conducted by Rev. Father Meagher, S. J.

STATE MINERALOGIST  
AUBURY TO LOSE JOB

WASHINGTON, Sept. 1. — O. H. Reinhold of Los Angeles, an official in the bureau of mines in Washington, is to be appointed state mineralogist of California by Governor Johnson when the latter is ready to make a change, according to a report received here, although it is said that Reinhold has not been a candidate for the place.

Calvert Wilson, Marshall Stimson and others of Los Angeles have recommended Reinhold strongly, and it is understood that Senator La Follette has urged him for the place.

In his behalf it is urged that Reinhold is thoroughly acquainted with the mining interests of California and that he has had more practical and technical experience than any man who has filled the position in the State.

Reinhold was superintendent of exploration for the United States government in the Philippines, and opened the coal mine there that was the first ever operated directly by the government. He will leave for Seattle Monday in charge of two of the eight mine rescue cars which the government is sending to various parts of the country, and after a short stay there will go to California.

W. H. Storms of Berkeley, P. J. H. Merrill, former State geologist of New York, and now a resident of Los Angeles, and Edward Benjamin, president of the Joshua Hendy Iron works, are also prominently mentioned as possible successors of State Mineralogist Aubury.

## Taft's Renomination Foreshadowed.

A poll of the Republicans in Congress discloses a remarkable unanimity of sentiment in favor of renominating President Taft. Of 206 Republicans polled, 156 were for Taft, 27 for La Follette, 2 for Roosevelt and 21 non-committal. The men who declared for La Follette belong exclusively to the insurgent group. Nearly all of them voted against reciprocity with Canada and voted with the Democrats on the tariff bills.

The poll in Congress very accurately reflects sentiment throughout the country. Everywhere Taft is the choice of the mass of Republicans. Occasionally an irreconcilable is found declaring for La Follette, but these irreconcilables have in a majority of cases been for some time out of sympathy with the Republican party and its doctrines. Some of them have recently been affiliating with Populists and Democrats and are Republicans only in name.

Of this class Governor Johnson is an example. He was elected as a Republican and claims to be a member of the Republican party, but if common report is to be relied on he has voted the Democratic ticket much oftener than the Republican during the past twenty years. He is understood to favor La Follette and to be strongly opposed to President Taft. The impression is general that he would appoint Francis J. Heney United States Senator if he had the opportunity. Heney is a radical Democrat and an enemy to President Taft. Ali Governor Johnson's political household evince the same enmity to the President and partiality for the Wisconsin insurgent. E. T. Earl, owner of the Los Angeles Express, and Meyer Lissner, the high priest of the Uplift, are in the same category.

But these men do not represent Republican sentiment in California in regard to Taft and the Presidential nomination. Beyond question a large majority of the Republican voters of this State favor President Taft, and they will designate him as their choice for another term unless cheated of their preference by trickery of some sort. How the delegates to the national conventions are to be chosen has not yet been decided on. The law makes no provision for their selection. The general opinion is that the last Legislature purposely made no provision for holding a primary election to choose delegates to State conventions called to elect delegates to national conventions. The aim was to make sure that the politicians now in control of the machinery of the Republican party in California should select the delegates to the Republican National Convention. In the spring it seemed that a La Follette delegation would be selected by the Lissner-Rowell junta.

But the situation has greatly changed since then. Rowell has broken away from the La Follette crowd and so have others prominent in the so-called Lincoln-Roosevelt League. Public sentiment which ran against the President is now running in his favor. La Follette's fight against the Canadian reciprocity bill and his alliance with the Democratic tariff smashers has alienated many of his former admirers and provoked the anger of the producers. Men who were awaiting developments have come out against him. On the other hand, the President has enormously gained in public confidence. He has risen in public estimation as La Follette has fallen, and in consequence the scheme to put up a La Follette delegation in California is certain to fall through. The people will not stand for it. It will be too palpably a job, to openly perpetrate a trick to cheat and misrepresent the Republican voters. Every Republican Congressman from this State, Kent and Stephens excepted, is for Taft. So are nearly all the Republican newspapers. The result next year is thus foreshadowed. The vote in the Republican National Convention has been substantially indicated by the poll of Congress.

Evidently Dr. Wiley would like to Pinchotize Secretary Wilson. His purpose in questioning the integrity of the Secretary of Agriculture is to start an attack on him similar to the one Pinchot, Glavis et al. started on Secretary Ballinger. The crusade preached against Ballinger did not turn out as the conspirators hoped and planned. Ballinger was finally driven from office, but before he retired he had the satisfaction of kicking Pinchot, Glavis & Co. out of their jobs. They are still out. Moreover, Secretary Wilson is too well known and too strongly fortified in the esteem of his countrymen to be made the victim of such a wretched and malignant conspiracy as the one that drove Ballinger from the cabinet. Nor is public opinion now so receptive to calumny as it was when Ballinger was attacked. The people are getting wise to the game.

## The Baby's Rocker Indicted.

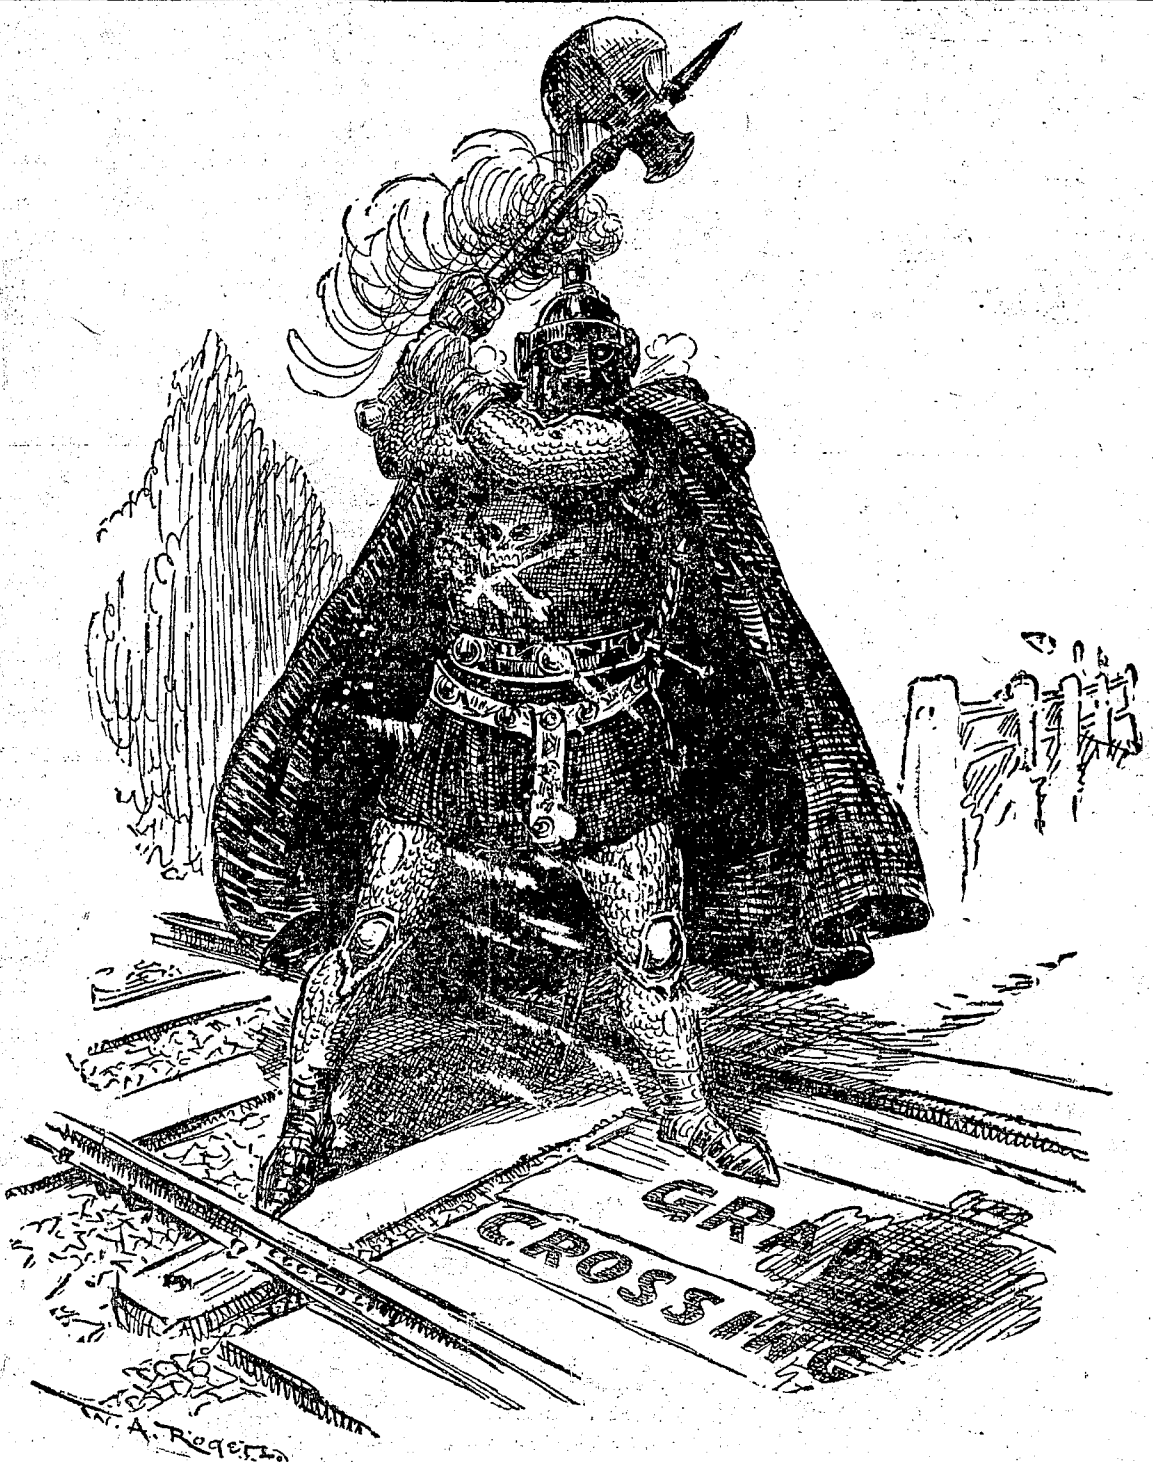

The wave of reform has at last attacked the baby cradle. A hospital nurse in Boston—a maiden lady, by the way—says rocking a baby in a cradle injures the infant's spinal column and ruins its digestion, therefore she wants the rocking cradle put away with the rack and thumbscrew. It is strange that the infamy of the rocking cradle was not discovered sooner. Myriads have been tortured to sleep in it without ever realizing that it hurt their spines and ruined their digestion. For centuries the crooning song of motherhood has been tuned to the oscillation of the baby's cradle. That old poem, "Rock Me to Sleep, Mother," was composed under the impression that the cradle was a haven of rest for childhood, second only to the circling fold of the mother's arms. But if this Boston woman is allowed to have her way the sentiment which has touched the hearts of millions will no longer have a meaning—the cradle and its hallowed associations will be banished from the hearthstone and all the cradle-songs expressive of mother love will lose their significance and beauty.

But before we condemn the cradle as an instrument of torture let us call the baby as a witness. Our forefathers were not a weak-backed race and they never found fault with their digestions. In their babyhood they were rocked in cradles. The older generation will remember that as children they had to rock the baby's cradle while mother made the beds, swept and set things to rights around the house. They will recall the artfulness of the cherub in keeping itself rocked. The baby would fall off in blissful slumber while the cradle was in motion, but when the elder brother or sister stopped and tried to sneak away the baby would promptly wake and set up a yell. How the babies did love to have their spines injured and their digestions ruined!

But what are the iconoclasts going to leave us? They have knocked William Tell out of history and destroyed nearly every romantic legend and tradition that has colored the thoughts, hopes and inspirations of the race and now they want to send the baby's cradle to the executioner and banish the cradle-song from the nursery. Mother Goose and Jack-the-Giant Killer have been put in the pillory, the cow that jumped over the moon sent to the pound and the fables of La Fontaine, Grimm and Hans Christian Anderson put under ban as contaminating to the youthful mind. Even "Alice in Wonderland" and the "Water Babies" are kept out of sight as something to be ashamed of, but thus far nobody save the idle rich suspected that the infant's rocker was a devilish device.

What about the hand that rocks the cradle ruling the world?

## NEXT!

—NEW YORK HERALD.

The woman who has declared war on the cradle would scoff at that assertion. She regards the cradle with horror, and would have no use for one if she didn't. She has nothing to put in a cradle, unless it be a poodle or a pampered cat. The cradle does not have the meaning for her that it has for some other people. We shall not accept her verdict till it has been submitted to a referendum. If the decision be left to the babies we'll warrant an unanimous vote in favor of the cradle. A pest on old maids, anyhow.

Apparently E. T. Earl is not making much headway in killing off the Los Angeles Times with his new paper, the Morning Tribune. Last Sunday the Times issued a paper of 144 pages containing nearly 500 columns of advertisements. That is going some for a paper that Mr. Earl's morning and evening publications daily assert is fast going to the dogs. The alleged decline of the Times bears a most extraordinary resemblance to redundant prosperity.

## Don't Move the Game Farm.

The proposition to remove the State Game Farm from Hayward to the State prison grounds at Folsom is singularly foolish. The suggestion that the breeding and rearing of pheasants, wild turkeys and other game birds be committed to the convicts is equally absurd. What do convicts know about breeding game birds? What relation is there between the State prison and breeding game?

The State owns a thoroughly equipped game farm near Hayward in this county. It is in complete working order and is yielding good results. It is in charge of a competent man, who has made a study of breeding game fowls. The property, moreover, represents a considerable investment and is ideally located for purposes of distribution. It is convenient of access and is in all respects adapted to the uses for which it is employed.

Now it is seriously proposed—at least, that is the report given out—to break up and abandon this admirably located and equipped farm and transfer all game breeding operations to the Folsom prison. Why, no one has yet explained. The prison grounds at Folsom are not well adapted to the breeding of game birds. The place is not convenient of access nor well situated for distribution purposes.

It may be figured out that a small saving may be effected by using convict labor on the game farm, but the labor employed is not a large item of cost. The convicts are inexperienced in breeding game birds and, being required to work without pay, will not take the proper interest in their duties. The results are certain to prove unsatisfactory. Anyhow, the State prisons should not become mixed up with the business of the Fish and Game Commission.

A vigorous protest should be made against the proposal to abandon the game farm. Under no circumstances should the breeding of game fowl be transferred to Folsom and placed in charge of convicts. The change would be distinctly for the worse in every respect—in breeding, in convenience and in efficiency. The proposition should be dismissed as unworthy of consideration. Keep the game farm where it is.

## 20 YEARS AGO IN OAKLAND

At last the work of paving Seventh street, between Washington and Broadway, has begun. The people taking and leaving the local trains will not have to make through mud and summer dust any more. THE TRIBUNE has been working for this for many months, and the outcome is distinctly another TRIBUNE victory in the battle for improvement. The old quarry in the hills near the gravity bridge, which has been filled with water for years, still continues to be a favorite swimming resort for the Piedmont hopefuls. "The other day some of the youthful swimmers discovered some relics of the former quarry at the bottom of the pond. Some years ago workmen were blasting on this spot and suddenly an immense spring was struck. Before the cars which were standing on the

track could be removed the hole, filled up with water, completely covering the former quarry.

The "Nominée" stepped on the boards of the Baldwin theater last night in the person of Nat Goodwin. His reception was warm. As might be expected, the

star is the play. Goodwin is entirely too clever for the company. Goodwin manifested his ability to keep a house in a thoroughly happy mood without assistance.

Seven men held up the east-bound Rio Grande train last night, near Contonay.

The highwaymen compelled the flagman at Texas creek to give up all the torpedoes in his possession and also forced him to flag the train. The engineer and firemen were held up at the point of firing. The mail car doors were all broken but nothing was taken from the car.

## GROWS HAIR ON BALD HEADS

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs, which rob the hair of its nutriment, and thus creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Florescine is a well-known agent for restoring the hair to its natural color where the loss of color has been due to disease. Yet it is not a coloring matter or dye.

The famous Rexall "33" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Florescine, combined with pure alcohol, because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "33" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "33" Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "33" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at the Owl Drug Company, Inc., 10th and Washington, 13th and Broadway and 15th and San Pablo avenue.

## SUFFRAGISTS TO HOLD CONVENTION

Louisville Place Selected for Forty-third Meet of Association.

NEW YORK, Sept. 1.—The formal call for the forty-third convention of the National Woman's Suffrage Association, to be held at Louisville, Ky., October 10 to 25, has just been issued here. It says: "Within the year the state of Washington has completed its work of fully enfranchising its adult citizens. Before the convention assemblies California will no doubt have accepted the idea of true democracy. We also rejoice because the legislatures of Kansas, Wisconsin, Oregon and Nevada have voted to submit the question to their electors.

"But many states will refuse to allow the voters to consider the question of giving political independence to women. Since the purpose of the National American Woman's Suffrage Association is to secure the right to vote to women citizens of the United States, we have called this national convention of suffragettes. From every state will come delegates who will bring with them the growing spirit of rebellion against injustice."

## WILEY'S RULING CHEERS FRUIT MEN

Oranges May Be Sweated if Mature, Says Pure Food Expert.

PORTERVILLE, Sept. 1.—That the sweating of oranges will be permitted unless the process is used to conceal damaged fruit or to give an undeveloped appearance to immature fruit, is the tenor of a letter received by officers of various citrus associations here, in response to direct inquiries to Dr. Wiley, the head of the United States Pure Food Commission.

A ruling was made by the department early in the year that all citrus fruit subjected to heat or steaming or other process to develop the orange color by artificial methods would result in such fruit being considered adulterated within the meaning of the pure food law.

As a large proportion of the very early fruit from this district is colored, the ruling was one which apparently dealt no small blow to the citrus industry.

Later Dr. Wiley supplemented this ruling with the statement that the commission took cognizance of the fact that a proportion of the citrus fruits from California are fully matured before the rind has attained its yellow color.

Letters written asking what effect this exception would have upon the ruling with regard to sweating fruit, was met with the cryptic response that oranges could be sweated if mature.

This is accepted as covering the point fully and that the early fruit from Tulare county may be sweated, as has always been done, provided the process is not used before the fruit has reached maturity.

PITTSBURGH, Sept. 1.—The replica of the New Orleans, the first steamboat to navigate the Ohio and Mississippi rivers, has been launched at Elizabeth, Pa., on the Monongahela river and will be completed in the state of Washington. It will be christened October 31 by Mrs. Nicholas J. Longworth, grand-niece of Nicholas J. Roosevelt, who built the first New Orleans, and will lead the river pageant to commemorate the event.

## WOMEN DRIVE MORMON MISSIONARIES AWAY

KAMRAR, Iowa, Sept. 1.—Two elders of the Mormon Church left this city about today with the din of many dishes echoing in their ears. The elders were making proselyting speeches when a crowd of women, beating vigorously on kitchen tinware, created such a pandemonium that the speakers could not be heard.

## DAMAGES FIXED AT BUT \$26,716

Jury in Case of City Against Mill Company Cuts \$340,000 Estimate.

The city of Oakland will be able to enter into immediate possession of the water front property controlled under lease held by the Pacific Coast Mill & Lumber Company as the result of the losing of the city's condemnation suit yesterday.

The mill company secured less than one-tenth of the sum demanded. While the jury decided that the company was damaged to the extent of \$26,716 only, experts testifying for the mill fixed the damages at \$340,000.

The property involved fronts on the estuary, extending from Market to Grove streets, and is desired by the city in furtherance of its plan for municipal improvement of the water front. The Pacific Mill & Lumber Company only had a lease, with about seven years more to run, to the water front and a wharf at the foot of Grove street, the city having purchased the property from the owners of the land, subject to this lease.

Officials and experts of the mill company testified to the saving that was effected by the facilities afforded, and being deprived of this saving, according to their estimate, would cost the company hundreds of thousands of dollars during the years of the lease. This would depreciate the value of the land holdings of the concern adjacent to the water front property they held and add more sums in six figures to the amount demanded of the city.

The ending of the case yesterday marks the closing of the longest civil trial ever held in Alameda county. There were twenty-two days of actual trial, and many more days spent in arguments, and in the delays incident to getting to trial. The total for jurors' services, \$3 per diem and mileage, was \$881.10, and the stenographer's fee was \$215. The city must pay all these costs, together with reasonable compensation for the attorneys that represented the mill company in trying to get a larger sum.

LEASE VALUED AT \$4141.

Of the damages assessed by the jury \$22,575 is for the damage to the value of the improvements the mill company has put on the property under lease, and to its general business, other than the actual leasehold. Being deprived of the lease the jury considered worth \$4141.

While an appeal can be taken by the mill company, it must rest only on certain phases of the case, and precedent has shown that a reversal of such a judgment as was rendered is rare. A peculiar feature is that the city has no appeal, and the only way it could have avoided the paying of an exorbitant price had the verdict been such would have been to dismiss the suit and file another one.

## FOUR COLONELS MAY BE RETIRED

Board Will Sit at Presidio in San Francisco to Settle Fate of Officers.

WASHINGTON, Sept. 1.—A distinguished array of four colonels will be up for retirement before an army board which is to sit in San Francisco in the near future. They include W. C. Butler, now stationed at Fort Sam Houston, Texas; Reuben E. Turner, superintendent of construction, Alcatraz Military Prison, California; James S. Rogers, Vancouver Barracks, and T. C. Woodbury, San Diego, Cal.

The delicate character of the work to be done by the board is indicated by its personnel. Major-General Arthur Murray, the commander in the new Western division, is president of the board, and the other members are Brigadier-General Daniel H. Brush, commander of the Department of California; Colonel John P. Wisner, C. A. C.; and Colonel J. D. Glennan and Euclid B. Frick of the Medical Corps.

While ostensibly the officers are to be examined on account of physical disabilities, the board is authorized to take into consideration their general fitness for the service.

## BY ELOPEMENT SHE LOST LARGE FORTUNE

MILFORD, Conn., Sept. 1.—Mrs. Mee Defney Baldwin, wife of the village blacksmith here, recently received word from St. Louis that she was named as sole heir to an estate of \$500,000 in the will of her uncle, George Defney, of that city. A copy of the will just received here shows, however, that she can not claim a penny of the money, as a clause in the document provides that she must obtain the estate, become the wife of George Curtis of St. Louis, to whom she was engaged twenty years ago when the will was drawn. She broke the engagement to elope with Baldwin.

BANKRUPT FISH DEALER. SAN FRANCISCO, Sept. 1.—William Harry Cutts, a fish dealer of Stockton, filed a petition in bankruptcy in the United States district court yesterday. His debts amount to \$399,473 and his assets, consisting of homestead, household effects and other property claimed to be exempt, to \$149,600. Cutts' principal creditor is A. Paladini of this city, to whom he owes \$305,500 for fish.

## SURELY SETTLES UPSET STOMACHS

Indigestion Gas Sourness or  
Dyspepsia Vanish in  
Five Minutes.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapensin, and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a 50c case of Pape's Diapensin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapensin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach were in the normal hearing. Attorney Raulo will represent Governor Johnson and will take charge of the investigation.

According to advance information the investigation will be complete in every respect and the only one who will be named is the one who is named again, but also Superintendent of Public Instruction Edward Hyatt and perhaps all the members of the state board of education, together with George L. Sackett, former secretary of the state textbook committee.

It is impossible to say at this time how long the hearing will last, but the general feeling is that it will extend over several weeks. Senators Strobridge, Shannon, Thompson and Black will be present and will have a sergeant-at-arms and stenographer on hand to bring in the witnesses and take down the testimony.

## SHANNON INQUIRY TO BE RESUMED

Further Hearing of State Printing  
Office Management  
Takes Place in S. F.

SACRAMENTO, Sept. 1.—It is definitely announced that the investigation of the textbook situation will be resumed by the special senate committee in San Francisco on Monday, September 11. The hearing will be held in the ferry building. At the former hearing, Attorney Raulo will represent Governor Johnson and will take charge of the investigation.

According to advance information the investigation will be complete in every respect and the only one who will be named is the one who is named again, but also Superintendent of Public Instruction Edward Hyatt and perhaps all the members of the state board of education, together with George L. Senators Strobridge, Shannon, Thompson and Black will be present and will have a sergeant-at-arms and stenographer on hand to bring in the witnesses and take down the testimony.

## TRAIN AUDITORS ARE LAID OFF BY RAILROAD

SAN FRANCISCO, Sept. 1.—Further announcement by the Southern Pacific that many of its train auditors will be laid off is being made. The company has already laid off several hundred men in the general offices and in other departments, but extending this to other branches of service.

The latest order calling for further reductions became effective last night. The company has sent out a notice to its train auditors of their positions.

Management has spread among the disaffected employees a rumor that a meeting of all those recently dismissed has been called, at which their grievances are to be discussed. Those concerned are mostly clerks or stenographers, who have no central organization. An effort will be made to form an organization among all the clerical employees in the general offices so that they may be in a position to resist drastic orders of dismissal in the future.

## RAIN STOPS GAME.

NEWPORT, R. I., Aug. 31.—Rain made the playing of the final match in the national lawn tennis tournament impossible today and it was postponed.

## SHE GOT WHAT SHE WANTED

This Woman Had to Insist  
Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—he said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for it has cured me."

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JANEZEK, 1437 St. Chicago, Ill.

Lydia is the age of substitution, and women who have a cure should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. In almost every community there will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

## SHRINERS TO CROSS SANDS FOR GREAT REUNION AT OASIS

W. T. PIDWELL, leader of Aahmes Temple Band. —Scharz, Photo.

The band of the local temple of Mystic Shriner will banish dull care as only a Shriner can when the caravan leaves on the morning of Labor Day, September 4, for an all-day outing and barbecue to be held at Laurel Grove, Hayward. Great preparations are now under way for the most enthusiastic reunion ever given by the Oakland and Alameda county Shriners and judging from the activities of the various committees, nothing will be left undone that will add to the general jubilation.

What is more interesting is the fact that the ladies will be let in on some of the Shriner's secrets, as a special set of stunts have been prepared for their entertainment and a lot of prizes have been donated for their particular benefit.

Among the exciting features of the day will be a hair-raising game of baseball between the "fattles" and the "skinners" for a valuable trophy that will be on exhibition at the Shrine headquarters, Eleventh and Broadway, after the game. All the odds at present seem to be on the "fattles," as their superior weight is supposed to be of immense benefit when sliding to bases. Whether this will be the case or not the most enthusiastic fan will be able to tell until the last inning has been played, as the "skinners" have mustered up a very strong lineup, among whom will be the Meridian brothers of Alameda, who are expected to drive the leather sphere into the adjacent county every time they wield the hickory stick. Among the record-breakers of the "fattles" are Prof. Mandler, the "king of the center field," and Gabe Cohn, the lightning short stop, both of whom have never been struck out.

### EXCITING TUG-OF-WAR.

Harry Anderson will captain a lot of tug-of-war enthusiasts known as the "Suffragettes," because of their well-known attitude on this important question, and the Prohibitionists, well-known followers of the "water wagon," who will be guided by the great Fred Voorhees. An unusual amount of interest has been centered on this contest as it will add a lot of prestige to the winning team.

Fred Button has been engaged by the entertainment committee as their legal adviser in case any disputes arise and if that is not sufficient and the belligerents refuse to accept the decision as rendered they will be promptly turned over to Chief Wilson, who will be on the ground with a squad of plain clothes men.

Captain Walter Petersen will lay aside

## MY WORD, CAN THIS CHARGE BE TRUE?

S. P. Officials Accuse Women  
of Swiping \$21,120 Worth  
of Novels.

SAN FRANCISCO, Sept. 1.—The assertion that women passengers make away with \$21,120 worth of novels a year is made by Southern Pacific Company officials in this city in explanation of an order issued yesterday to cease supplying these toilet accessories to the women's dressing rooms in cars, ferryboats and stations. The charges were issued by Superintendent James M. Davis, following an investigation ordered some days ago.

The railroad men say that the women not only take the towels, but trunks and rollers as well.

"When we placed padlocks on the rollers," said an official, "they cut the towel free."

## YOUNGEST OF "FIGHTING MCCOOKS" SERIOUSLY ILL

RUMSIN, N. J., Sept. 1.—Colonel John J. McCook, the youngest of the famous "fighting McCooks" of the Civil War, is seriously ill of heart disease at his summer home here.

Colonel McCook, who is a New York lawyer, is about 65 years old. He was graduated from Kenyon College and the Harvard Law School. He was mentioned for Attorney-General in President McKinley's first cabinet. He is a trustee of Kenyon College and of Princeton Theological Seminary.

the cares of his official duties and will devote the entire day to his favorite occupation as "Coffee Cooler" for the thirty and foot-sore pilgrims as they wander to the shade of the Oasis after crossing the sub-patched sands of the desert.

Among the busiest workers will be "Nolsy" McDonald, who, tradition says, was the caterer of Coxey's army when that grand organization made its famous march to Washington some time ago. An able assistant to the entertainment committee is Alpheus Kendall, who will be supreme as the dead cook and as the sceptre of authority will wield the toast-iron fork.

### DANCING IN PAVILION.

The entire band organization of twenty-five members will act as the host on the occasion and on stated intervals will play selections from the latest popular operas and musical hits, while a string orchestra will provide the necessary music in the dancing pavilion.

Great credit is due to W. T. Pidwell, the leader of Aahmes Band, for the very efficient organization he has developed under his sympathetic and artistic guidance and direction. It was less than a year ago since the band was started and in that time he has accomplished splendid results for the Shrine, as the band is one of the most important accessories of the great ceremonial sessions which occur three or four times a year. The band is very fortunate in having such a splendid leader and with the coming year will continue to make even greater strides than in the past.

Leader Pidwell first gained his practical experience as the principal musician in the band of the First California in the Philippines and bears the scars of many of the important engagements of that campaign while marching at the head of his command. As a cornet virtuoso he ranks with the best in the land, having played with Clarke, Liberati and the rest of the world's greatest cornetists. While in Japan the Mikado bestowed upon him the order of the Rising Moon and the Lotus Flower, Second Class, an honor that very few foreigners can boast of, and offered him the leadership of the famous Imperial Band of Tokyo, which he refused with regret, as greater laurels awaited him in his native land.

Special cars will leave at Thirteenth and Franklin streets at 9 o'clock, going direct to the grove, and a great many are expected to avail themselves of this opportunity as the fun will start at ten.

## BOWED WITH AGE, SEEKS DIVORCE

Woman Wants Legal Separation  
From Husband Absent  
for 41 Years.

WARRENSBURG, Mo., Sept. 1.—Mrs. Barbara Todd, an aged and decrepit woman, appeared with her attorney yesterday at the circuit clerk's office here and filed suit for divorce from Edward Todd, whom she said in her petition had deserted her forty-one years ago. The woman is a resident of Columbus, Mo., and has lived a single life and waited in vain for her recalcitrant husband since 1870.

## THEATER MANAGERS MAKE COLOR LINE TEST

CHICAGO, Sept. 1.—The Evanston Opera House, the first theater the suburb has ever had, ran against a snag in the effort to draw her color line. John A. Guy, the negro butler, presented a ticket for a ground floor seat. He was told it was occupied and was offered a seat in the top gallery. He refused to go upstairs and refused also a return of his money. Then the manager endeavored to explain that at the suggestion of some of Evanston's families he had promised he would put the white maids, butlers, chauffeurs and cooks upstairs, and all negroes in the second or ten-cent gallery.

Guy declared that he would bring suit against the management as he had been discriminated in violation of the constitution. There are several hundred negroes in Evanston and the occurrence aroused much interest.

## REUNION HELD IN HONOR OF PRELATE

Members of Diocese Bid Wel-  
come to Bishop William F.  
Nichols at Palace Hotel.

SAN FRANCISCO, Sept. 1.—Never has an assemblage of more varied representation and more complete unanimity of heart greeted the return of a prelate to the Palace Hotel than that of last evening, when 2000 members of the local diocese of the Protestant Episcopal Church met to greet their venerated bishop, Right Rev. William Fort Nichols, and to bid him welcome home after his absence of over seven months in Europe. Clergy and lay alike vied in expressing their cordial esteem and affection for the head of the church in California. For more than an hour his parishioners passed along to grasp his hand.

MANY CLERGY PRESENT.

The reunion was given under the direction of the churchmen's conference and the various guilds of the diocese, but among the guests practically were all of the clergymen of the bay districts as well as many from other sections of the country. The reception committee were composed of George E. Butler as chairman, Archdeacon John A. Emory, R. M. J. Armstrong, Ois N. Johnson, D. N. D. Kelly, Rev. W. R. H. Hodgkin, Rev. D. Charles Gardner, Rev. F. W. Clappett, Rev. J. Wilmer Gresham, Mrs. Louis F. Montague, Mrs. George H. Kellogg and Mrs. S. L. Abbott.

Mrs. Nichols and Miss Nichols assisted the bishop in receiving his throngs of friends. Then an address was made by Dean Gresham, after few words of introduction by Archdeacon Emory.

Bishop Nichols, in responding, began with a witty reference to the dangers of the polished floor beneath the chair on which he stood to speak, saying that it reminded him of the text that "sinners stand in slippery places." He then dwelt upon his travels and the experiences they had afforded him.

LONGED FOR CALIFORNIA.

"There was one moment of envy," he said, "when I stood in the presence of another assembly where all the faces were strange to me and only the language was the same. And now Bishop was speaking to his people. I envied him and found myself wishing I was back in California. Now I, too, have the happiness of being among my people, of seeing familiar faces before me, and it is a great happiness to be here again with you all."

Among the distinguished members of the cloth present were:

Bishop Sidney Partridge of Kansas City, formerly missionary bishop of Kyoto, Japan; Bishop William Hall Moreland of Sacramento; Bishop Louis C. Sanford of the San Joaquin; Prof. J. O. Lincoln of the University of California; Rev. Marshall Harrison of Philadelphia, who has been occupying the pulpits at Hollister and Gilroy this summer; Rev. John Bakewell, D. D.; Rev. Edward L. Parsons, Rev. C. N. Lathrop, Rev. Alexander Allen, rector of St. Paul's, Oakland; Rev. Edgar F. Gee of St. John's, Oakland; Rev. Clifton Macon of Trinity, Oakland; Rev. Dr. Powell of St. Matthew's, South Berkeley; Rev. George Maxwell, Sausalito; Rev. H. Howitt, Mill Valley; Rev. E. H. Benson of St. John's, Rev. W. E. Cooper of St. Paul's, Rev. Har- B. Hanson, All Saints'; Rev. F. W. Murgotten, Holy Innocents; Rev. Archibald Perrin, St. Mary's; Rev. James Hulme, Oakland; Rev. A. B. Chinn, Meijo Park; Rev. George Weagant, Burlingame; Rev. Harold Kelly, Berkeley; Rev. E. A. J. Taylor, Paso Robles; Rev. Mr. Hart, Oakland.

Among the lay members were Mrs. W. H. Crocker, Mr. and Mrs. J. B. Coryell, Mrs. Jonathan Kittle, Mr. and Mrs. Frank E. Deering, Mr. and Mrs. Louis F. Montague, Mr. and Mrs. C. P. Pomeroi, Miss Newell Drown, Miss Amalia Simpson, W. R. Hough and others.

### SHOTS TWICE AT WOMAN AND THEN KILLS HIMSELF

SEATTLE, Sept. 1.—An unidentified man fired two shots at Mrs. Mary Vaughn, proprietor of the rooming-house on Columbia street, and committed suicide yesterday when cornered by the police. The man entered Mrs. Vaughn's establishment and asked her to let him stay in one of the rooms. Mrs. Vaughn showed him one, which he said was satisfactory.

"I'll move in tomorrow morning," said the man, "but before I go let me kiss you."

Mrs. Vaughn replied angrily. The stranger stepped closer to her. Mrs. Vaughn pushed him back.

Instantly the man fired twice at Mrs. Vaughn, but neither shot struck her. In her alarm she fled to the back of the house and the man ran to the basement, looking himself in. When the police broke in he ran back to a room upstairs and shot himself.

Him, Except Cuticura."

"When my first baby was six months old, he broke out on his head with little bumps. They would dry up and leave a scale. Then it would break out again and it spread all over his face and neck. After that he came out and his head was scaly all over in red bumps. I tried everything I could think of, but nothing would cure him except Cuticura."

"I have bought Cuticura Ointment and Soap several times since to use for cuts and sores and have never known them to fail to cure what I put them on. Cuticura Soap is the best that I have ever used for toilet purposes."—Signed Mrs. E. E. Arnold, R. F. D. 2, Atoka, Tenn., Sept. 10, 1910.

## SOCIETY

**F**ORMAL announcement of the engagement of Miss Florence Josephine Feneran and Willard Cooke Mills, Jr., is made today by the father of the bride-elect, James J. Feneran. Both the young people are well known about the bay and will be showered with congratulations. Miss Feneran is a graduate of the Oakland High school and of the State Normal school of San Francisco, receiving her degree at the latter institution last year. Mr. Mills graduated from the College of Engineering of the University of Nebraska, gaining the Bachelor of Science degree. Since leaving college he has held a responsible position with a large local chemical company. He is a member of Phi Kappa Psi fraternity and has the respect of a wide circle of friends and business associates.

No date has been set for the wedding, but it will probably be an event of the early winter and in the interim many pretty affairs will be given for the charming bride-to-be.

### SMART LUNCHEON.

Miss Ida Sonntag was hostess at an extremely appointed luncheon yesterday entertaining in honor of Miss Anna Weber, a bride-to-be, and Miss Corinne Millman, a visitor from Sacramento. A number of the local set crossed the bay to share Miss Sonntag's hospitality. Among the guests were the Misses Ann Peters, Miriam McNear, Maud and Dorothy Woods, Emily du Bois, Helen Levan, Marion Stone, Maye Colburn, Lurline Matson, Eliza McMullen, Katherine McAdams, Marie Louise Wilson, Dorothy Forcick, Gertrude Creswell, Marie Eulard, Meta McMahon and Mesdames Madison White and Harry Welhe.

### TO WED IN PORTLAND.

On Tuesday evening, September 12, Charles Emerson Thomas, well known in local banking circles, will claim as his bride Miss Marian Humble of Portland, Ore. The wedding is to take place at the First Methodist church in the northern city and will be quite an elaborate affair. Miss Helen Werlin is to be maid of honor and the other maids of the bridal party will be Miss Eulah Schueler and Miss Sarah Griffith. Mr. Thomas will be Elmer Morrish of Berkeley.

The wedding is the result of a college romance begun four years ago when the bride-elect entered the University of California and Mr. Thomas as cashier of one of the large local banks.

A number of the local set will go to Portland to attend the marriage. After a brief honeymoon Mr. Thomas will bring his bride to the colony to town to reside and she will no doubt be cordially received by local society.

### PRETTY WEDDING.

One of the prettiest home weddings of the season took place on Tuesday when Miss Mabel Parker, daughter of Mr. and Mrs. E. J. Parker, became the bride of Ernest Gayman, a young business man of San Francisco. The Rev. C. M. Hill officiated at the ceremony. The bride wore a gown of rich white tulle, and her hair was a coronet of orange blossoms and she carried a shower bouquet of lilies of the valley and maldenhair fern.

Miss Elsie Mitchell, who acted as maid of honor, was attractively gowned in pale blue silk with which she carried a bouquet of Cecil Breuner roses combined to make a most artistic effect. Beryl Parker, the petite flower girl, wore a dainty pink frock. Edward Parker supported the groom as best man.

The Parker residence in Thirty-seventh street was decorated tastefully with masses of pink flowers and feathery greens. An elaborate repast was served after the ceremony and later Mr. Gayman and his bride departed on their honeymoon trip, which is to include a visit of some length in Ohio. They will return to California about September 17.

The bride is a member of an old-established family and has a wide circle of friends among the younger set. She is the sister of Chester Parker, manager of one of the largest flouring industries in this city. The groom is well and favorably known in local business and fraternal circles.

Mr. and Mrs. Gayman are to make their home in Oakland on the return from their honeymoon, and the dainty bride will doubtless be the inspiration for much entertaining.

**CALENDAR CLUB.** Mrs. John P. Cook entertained about fifty guests yesterday afternoon at her attractive home in Lakeside boulevard. An interesting musical program was contributed by the Misses Fay and Edith

Earl R. Shipp. The ceremony is to take place at the home of Judge and Mrs. Charles Weller of San Francisco and will be attended by society folk from both sides of the bay. Miss Eliza McMullen is to be one of the bridesmaids. Miss McMullen is popular in the smart set about the bay. She is to have a prominent place in the cast of the vaudeville to be presented at "Uplands," the country estate of the Crockers, September 16.

### BRIDGE HOSTESS.

Mrs. P. A. Jordan was a bridge hostess yesterday, entertaining a score of friends at her Grand street home, with Mrs. L. L. Bryer as honored guest. Mrs. Bryer has sold her home in Alameda and will leave soon for Pasadena and later will devote much time to travel.

### RECENT WEDDING.

The wedding of Miss Nona Ewing and W. C. Hough was solemnized recently at Trinity Episcopal church, the Rev. Clinton Mason officiating. The bride was attended by her cousin, Miss Velma Webb. An elaborate wedding breakfast was served at the Webb residence in Richmond and later the young people left for a brief honeymoon in the southern part of the state.

### FOR BRIDE-ELECT.

Miss Edith Cameron, who has received so many pretty social compliments of late, is to be again honored tomorrow when her cousin, Miss Hazel Plummer, will give a shower and informal tea at her home in East Oakland. Miss Cameron's marriage to John Lafayette Irwin will be solemnized at the First Christian church in Alameda on September 14.

### RETURNS FROM VISIT.

Miss Carmen Ghirardelli has returned from Monterey, where she was the guest of Captain and Mrs. Creary of the army post and was entertained at the Presidio hops and numerous delightful affairs. Mr. and Mrs. Thomas Watson Cushing and Miss Ghirardelli will leave in a few days for McCray's to enjoy a week's outing.

### ALAMEDA WEDDING.

Miss Mae Bevan, an attractive Alameda girl, is to become the bride of Charles Melville Canaan on September 20. The bride is the daughter of a prominent local family and has a wide circle of friends. The ceremony will take place at the E. J. Bevan residence. After a honeymoon trip the young couple will reside in this city.

### RETURNS TO DIXIE.

Mrs. Roy Hugh Craig leaves today for her home in Atlanta, Georgia, after a delightful visit of three months spent with local friends. Mrs. Craig will be remembered as Miss Miriam Crane. She is immensely popular and it is regretted that her new home is so far from California.

### AT HILLSIDE CLUB.

A large card party and dance is to take place tomorrow evening at the Hillside Clubhouse in North Berkeley. The affair is the first of a series of similar gatherings and will be attended by a hundred or more of the smart set of the college town. Mrs. Gordon Bradley will be the presiding hostess of the initial party and will have the assistance of a number of prominent club members.

### BIRTHDAY DINNER.

Mrs. George S. Pierce will be a dinner hostess on Friday of next week, entertaining a dozen friends at an elaborately appointed dinner to be given at her home in East Fourteenth street in honor of the birthday of her husband. Mrs. Pierce is a charming hostess, who frequently entertains at informal affairs.

### IN SACRAMENTO.

Mrs. W. H. Caswell of Sacramento recently entertained her brother, Benjamin Bradshaw, of this city.

Mrs. Helen Moulton is a visitor at the home of Mr. and Mrs. S. H. Gerrish of the capital city.

**AFTERNOON CLUB.** Mrs. Howard Swales has invited the members of one of the afternoon clubs to be her guests on Wednesday, September 6, when she will entertain at her hospitable home in East Oakland.

**FISHING TRIP.** Miss Helen Leavitt, Miss Janet Painter, Chapin Tubbs, William Tubbs and Edgar Painter will leave in a fortnight for a fishing trip to Webber Lake.

**RECEPTION TONIGHT.** Mrs. Roland McDonald will be hostess tonight at an informal reception which she will give at her home in Hobart street, making Charles Lucas, a visitor from Los Angeles, the honored guest.

**FOR MISS FRASER.** Mrs. C. M. Burdick entertained about fifty of her closest friends this afternoon at cards on Tuesday evening at her home. Miss Fraser was guest of honor and the gathering was one of the most interesting of the week.

Another delightful affair in compliment to Miss Fraser was the luncheon at which Mrs. E. S. Korgan presided. The table decorations were an artistic arrangement of Cecil Breuner roses and covers were laid for Miss Elva McGraw, Mrs. G. E. Brinkerhoff, Miss Gussie Crow, Miss Elmer Bennett, Miss Janet Knight, Miss Pearl Kingsland, Miss Olive Kingsland and Mrs. Van Gordon.

**FOR MRS. TREGLOAN.** Mrs. Arnold Needham entertained at cards on Tuesday evening at her home. Mrs. John Tregloan, who is visiting here from Tonopah, twenty guests shared the pleasures of the afternoon.

**LEAVES FOR OUTING.** Miss Alma Scott of Spring street, Berkeley, will leave soon to visit Miss Dorothy Maxtone-Graham of San Rafael, at her father's ranch near Santa Rosa.

**CLEVER PLAYS.** Under the auspices of the East Oakland Settlement Board, an interesting entertainment will be given tomorrow evening at the Home Club. Two clever plays are to be presented by university students. In the cast of the first, "Popping the Question," will be Clarence Cullmore, 19, Harold Nachtrieb, 14, Fannie Whitman, 14, Irma Bromley, 10, Josephine Le Conte, 12, and Edith Pence, 12. The second play will be "Our Best Seller," and

# Health and Beauty

By LILLIAN RUSSELL

(Copyright: 1911: By Lillian Russell.)

**B**EAUTY is only skin deep." This consoling phrase so often quoted should be qualified. Beauty is far deeper than the skin these days, and while much of it lies on the surface more is radiated by good health and a sympathetic spirit. Nowadays, to be placed in the class of the woman beautiful it is necessary that the inward condition of the body be healthful to express its outward beauty.

Beauty of texture and color of skin, which usually indicates a sound physical state, always redeems a lack of symmetry in the features. The observer's eye is first attracted by good coloring, then follows the observation of the features. With most women even a healthful condition must be complemented by cosmetics, simple or otherwise, and the natural tendency of all women is to preserve or enhance their natural complexions by various unguents, massage and other means.

These remedies for creating and preserving beauty are unlimited in number and to the list constantly are being added the discoveries of chemists and scientists, so that the hair and toilet article market has become one of the most important in commerce. The woman who would be beautiful has an immense choice from which to select and as the prices vary these preparations are at the command of all. They are displayed in abundance in the shop windows of every business block in a big city.

In the use of cosmetics the desired result depends upon three things: Perseverance in treatment, the assimilative quality of the skin and the physical health, which includes good blood circulation. The lack of a good complexion may be corrected temporarily by powder and rouge, but unless put on with the hand of an artist they are too often plainly evident, and the difference between a natural complexion and a made-up one can easily be detected.

In these days when nearly every woman uses some kind of "make-up" it is surprising to see how few do the work artistically. Shortly I shall give you an article on make-up for daylight and evening wear, but until then I would ask you please to brush the powder out of your eye-brows and eyelashes, and if you use rouge be a little particular to get the tint which agrees with your complexion—and above all else, put it on delicately, dusting it over with powder afterward.

Remember, powder should be used with the same discretion as flattery; a little goes a great way.

E. G. H.—If your skin becomes dry and scaly from neglect or exposure, massage it with a good cold cream twice a day. I am sending you by mail the recipe for a soothing, nourishing cream that I use in the theater almost constantly and find very good, and instructions for preparing bath bags. They are cleansing, whitening, and softening to the skin and I advise you to use them in place of soap. I have noticed a great improvement in the complexions of

some of my friends after employment in the bath bags for a few weeks. After you have received recipes and used them a while I shall be glad to know how you like them.

EMMA.—The wearing of a rubber bandage to reduce the chin often produces a flabbiness which is almost, if not quite, as disfiguring as the excess of fat. Tight collars always make ugly rolls of fat under the chin, and the habit of holding the chin down and in is fatal. I do not believe in the harsh

VALBERG: In the case of tan the adage holds true that "an ounce of prevention is worth a pound of cure." The skin should be protected as much as possible, to prevent these troubles. If your skin tans easily, it should be protected first by using some cold cream and then dusting with a pure powder. A liberal amount of cold cream should be dabbed on and carefully wiped off with a sterilized gauze. Both buttermilk and lemon juice are excellent for taking off tan. Squeeze the juice from a lemon into half a glass of buttermilk and apply with a soft cloth several times daily. Always use cold cream afterward. Fresh buttermilk, used as if it were water, takes off tan better than almost anything that is known. It should be applied freely and allowed to dry in. If the tan is deep and these simple remedies do not remove it entirely, send me a self-addressed stamped envelope for the formula of the lotion which was used on my own freckled skin as a child.

treatment of the throat and chin which is practiced by many, and as the contour of my profile and the firmness of my throat have been remarked it is but natural that I like the simple means by which I have kept them so effective. I am sending you by mail instructions for simple exercise which will not only remedy the double chin but help to remove the parenthesis lines at the side of the mouth, as well as beautifying the mouth itself.

# OAKLAND'S BOYS AND GIRLS

## SELF-GOVERNMENT TO BE DISCUSSED BY STUDENTS

The student body of the Oakland high school will be addressed late this afternoon in Chabot hall by several speakers in favor of self-government in high schools. The students of the school will vote on the question next week.

George Haines, president of the associated student body of the University of California last semester, will be one of the leading speakers in favor of self-government. E. J. Babbady, a member of the self-government committee of the Los Angeles high school, will also be one of the leading speakers.

Howard Sargeant, the yell leader of the school, and Harry Creech will also address the student body. The committee which is advocating self-government in the Oakland high school includes Genevieve Owen, Ruth Calden, Harry Creech, Frank Marvin, Charles Cowan and John Whitton.

If the constitutional amendment carries a committee of eleven, six boys and five girls, will control the discipline in the school.

There is to be music by an excellent orchestra, of which Miss F. M. Harvey is director. Dancing will follow the program and the affair gives promise of being one of the most delightful of the week and will claim the attendance of a large number of the college and social set.

**ARRIVES FROM SOUTH.** Mrs. Dan C. Desmond and her mother, Mrs. Collins, arrived in Oakland a few days ago from Southern California, and will leave shortly for Bay Point, where they will join Mr. Desmond.

**LILLIAN EVENT.** A number of the exclusive set from this side of the bay were invited yesterday at the home of Mrs. Sylvanus Farnham of San Francisco. This was the first affair at which Mrs. Farnham has presided in her new residence and it was one of the most elaborate of the early season.

Among those in attendance were: Mrs. E. C. Farnham, Mrs. George Porter Baldwin, Mrs. Ralston White, Mrs. John Brunner, Mrs. Walter Greer, Mrs. Lathrop Ellinwood, Miss Florence Cluff, Miss Anna Peters, Miss Frances Stewart, Miss Kathleen de Young, Miss Edith Metcalfe and scores of others.

**STUDENTS TO DANCE.** Invitations are out for an informal dancing party to be given by the students of Heald's Business College on September 10 at the Home Club, Fourth avenue and Cottage street. Faculty members, as well as the student body, are active in preparations for the affair, which promises to

## ACTIVITIES BEGUN AT HIGH SCHOOL

MISS FLORENCE HOLMES, a member of the Sketch Club of the Oakland High School. —Scharz, Photo.

The student activities in the Oakland high school are fully launched and the various organizations established prior to the close of last term are gaining in membership.

The Ecclesia Debating Society, which proved one of the most interesting clubs of the past semester, will continue to hold its weekly meetings. The Sketch Club, which is composed of young artists, held its second meeting last Wednesday afternoon, when the students sketched Miss Esther Roeth, who posed as a basketball player.

Many artistic pictures were drawn by the members. They are Fame Holway, Caroline Lovejoy, Corita Jacoby, Florence Holmes, Hady Elbush, Anita Miller and Bessie Mann. Miss Dora Jacobs is the director.

**STATE GARDENER APPOINTED.** SACRAMENTO, Sept. 1.—W. Vortie of Stockton has been named State gardener to succeed Robert Armstrong, whose resignation was tendered some time ago.

be one of the most successful events of the year.

The Home Club rooms, which are among the most attractive in the city, will be further enhanced on this occasion by decorations of ferns and potted plants. The able committee having this work in charge, as well as the others appointed to take charge of the affair, are exerting every effort to make this party outshine any previous affair given by Heald's College.

**ANNOUNCES ENGAGEMENT.** The engagement of Miss Lillian Thaxter of Berkeley and Edwin L. Lord was announced yesterday at a tea given by Miss Thaxter's aunt Mrs. E. A. Ingalls of Berkeley street.

No date has been set for the wedding.

## FIRST YEAR GIRLS RECEIVED BY JUNIORS

Freshmen were the guests at the annual reception of the Associated Young Women Students of the Oakland high school, tendered by the junior girls this afternoon in the gymnasium of the school. Twelfth and Jefferson streets. The members of the higher grades assisted in extending a welcome to the newcomers. There were about 600 in the gymnasium. The girls were received by a committee headed by Gladys Furth, Caroline Ketchum, Genevieve Hough and Eleanor Bassett.

During the afternoon a vaudeville entertainment was given by a number of talented performers. Among those who took part were Miss Margaret Morrison, Miss Margaret Meeker, Miss Norma Dearborn, Miss Marjorie Porter, Miss Mildred Manuel, Miss Emily Carpenter, Miss Katherine Bangs, Miss Marjorie Cutting and Clyde Russell.

Miss Ruth Calden is president of the association and Miss Gladys Furth is the manager.

## JUNIOR CLASS TO BE HOSTS AT DANCE FRIDAY

The semi-annual dance of the junior class of the Oakland high school will be held Friday evening in the Oakland high school gymnasium, which is to be beautifully decorated with greens, flags and electrical effects for the evening. About 350 invitations have been issued for the occasion and a most successful dance is looked for. The invitations are printed in white and gold and are very attractive in appearance.

The junior dance is always the most popular of the school dances and the dance is expected to surpass the other. A large orchestra has been secured for the evening and will play from a hidden bower.

The dance committee includes: Gertrude Bangs, Alice Watson, Marion Miller, Harry Creech, chairman; Harold Greenman, Dudley Heron, Arturo Gonzales and Bessie Carr.

**SON OF VICE-PRESIDENT WINS HONORS AT G.** UTICA, N. Y., Sept. 1.—Two Vice-President Sherman are participating in the national tournament of the Yahnundus Gold Club here this week. Thomas M. Sherman carried off the honors in the qualifying round by making the 15 holes in 79, and won the gold medal offered for the lowest score.

Cotton Lisle Silk  
"Onyx" Hosiery

The Hose in Greatest Demand

AN authority on factory production is responsible for the statement that "more Onyx Hosiery are sold than any two other makes combined." Such a tremendous sale is well worthy, and to quote Mr. Post, "there's a reason." Onyx hose are manufactured from the very best of carefully selected raw materials—are produced under ideal conditions by the most modern methods. Order, system, experience and tremendous capital are factors that enter in to the production of these superior hose. Big profits are not sought, and being marketed only by dependable dealers their widespread popularity increases each year.

## BUSINESS SECTION OF CLOVIS IS DESTROYED

TOWN SWEEP  
BY FIRE; ONE  
DEAD

Body Found After Flames Are Subdued by Citizens' Bucket Brigade.

Many Have Narrow Escapes While Fighting Blaze at Night.

CLOVIS, Cal., Sept. 1.—A fire started in the harness shop of J. Tolosano in this place shortly after midnight this morning, wiped out an entire business block and burned Frank Hickman, a laborer, to death.

For a time the whole town, which is located eleven miles northeast of Fresno, and is the terminal of the Fresno Lumber Company's line, was threatened. Grocery stores, shoe stores, blacksmith shops, restaurants and saloons were among the burned buildings. The total loss is estimated at \$18,000, with partial insurance. All of the buildings destroyed were frame structures.

Hickman met death while asleep in a bunkhouse in the path of the flames. His body, burned to a crisp, was recovered this morning.

Clovis has no fire-fighting apparatus and hundreds of citizens rushed from their beds to fight the flames with a bucket brigade. Many narrow escapes were recorded, as several of the storekeepers occupied bedrooms in the rear of their places of business.

LIABILITY LAW  
IS NOW IN EFFECT

Statute Relating to Employees Passed by Last Legislature Now in Operation.

SAN FRANCISCO, Sept. 1.—The employees' liability law enacted by the last legislature, providing compensation for injured employees, went into effect today.

Heretofore the law limited the liability of employers to such cases of injury as were caused by the fault of the employer or agent, allowing contributory negligence on the part of the workman to be set up in defense against any action for damages. The new law abolishes the "fellow servant" and "contributory negligence" defense and holds the employer liable for any injury to employees sustained in the course of employment.

The act creates also an industrial accident board to settle disputes as to the amount of compensation for injuries. A. J. Pillsbury, W. J. French and W. J. Morrison constitute the board.

COURT WILL PERMIT  
SALE OF BANK PROPERTY

REDDING, Sept. 1.—Judge J. E. Barber of the superior court, granted today the petition of the state superintendent of banks for permission to sell the buildings of the Bank of Shasta County to the Redding National Bank. The price was \$26,501, and the formal transfer of the property will take place this afternoon.

No agreement has been reached as yet between the state superintendent and the new institution regarding the sale of the assets of the defunct Bank of Shasta County, but the new bank will begin business tomorrow.

ARIZONA ELECTION  
TO BE HELD DEC. 12

PHOENIX, Ariz., Sept. 1.—Governor Sloan issued a statement today saying he would issue a proclamation September 20, calling the first state election in Arizona. According to the governor's plan he will set the state primaries for October 24 and the general election for December 12.

TENNIS TOURNEY GOES  
OVER UNTIL TOMORROW

NEWPORT, R. I., Sept. 1.—Because of the poor condition of the championship courts, the finals in the all-comers tournament for the national lawn tennis championship were postponed today until tomorrow.

## 'Flirt' and 'Masher' Defined

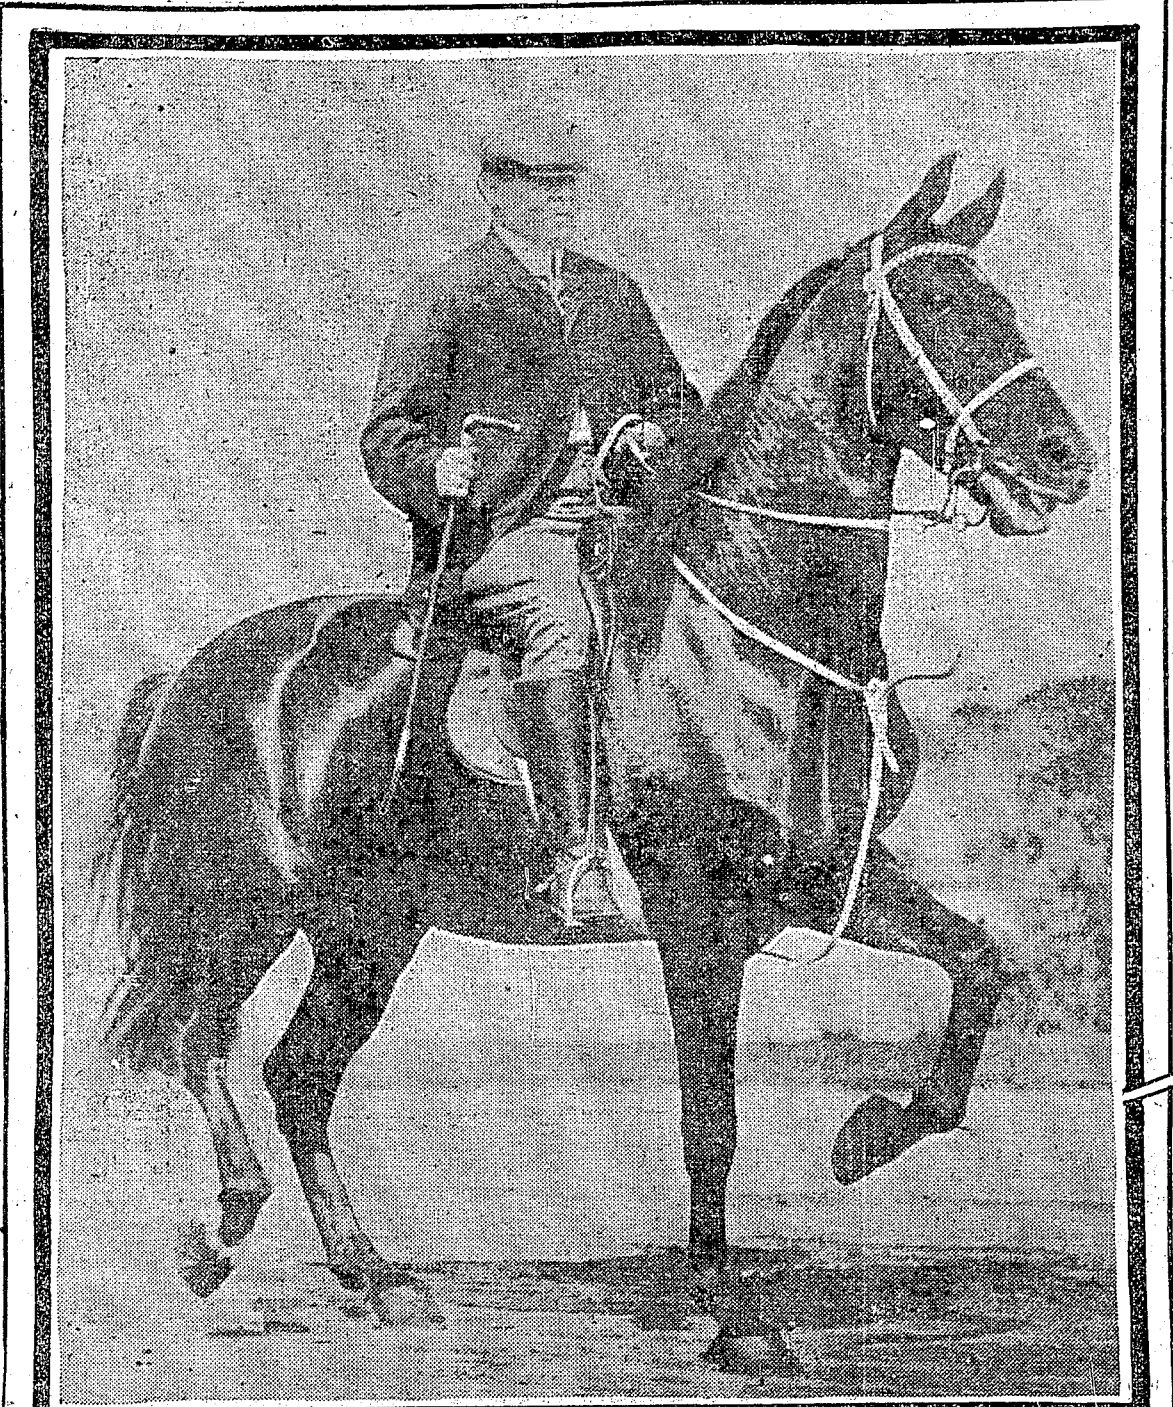

## Chicagoans Are All Gentlemen

CHICAGO, Sept. 1.—An official definition of flirting was given yesterday by Captain Halpin, acting head of the detective bureau, when a young woman, whose services as "city flirt" had been accepted, started down State street, accompanied by a detective.

"If a man only looks at the young lady," said the captain to the plainclothes man, giving him instructions in his duty, "or if he goes up to her, takes off his hat and asks if she isn't Miss So-and-So, and then passes on, well, that isn't exactly flirting. But if he sticks to her and asks her to walk with him and really gets offensive, well, that's flirting and the man is a masher."

After a two hours' stroll on State street the young woman returned to the Central police station without encountering a single "masher."

"I saw almost every man on State street between 3 and 5 o'clock," said the young woman, "and not one was rude to me, or attempted to speak to me. It surely seems as if Chicago men are gentlemen."

DR. O. D. HAMLIN'S HANDSOME  
MARE, PRIZE WINNER AT STATE FAIR

DR. O. D. HAMLIN mounted on his beautiful riding mare, May Hamlin, which took the prize at the State Fair last night in the gaited and combination saddle horse class, and two years ago at the State Fair won a gold medal in the gaited high school class.

May Hamlin, the beautiful riding mare owned by Dr. O. D. Hamlin, won the prize last night at the State Fair in the gaited and combination saddle horse class. She is entered in two more classes in which she is still to show. These are class 25 for saddle mares, four years and over, and class 29, for combination saddle horses and high school class.

Dr. Hamlin is today one of the happiest and proudest men in Oakland and is receiving the congratulations of his hosts of friends on the success of his prize winner. He bought May Hamlin from P. N. Hamman of this city, and the animal was trained in high school by Professor William Anderson, proprietor of the Oakland Riding Academy, who devoted much of his time and attention to the training of this particular high-spirited creature.

On Governor's day and Alameda county day at the State Fair, Wednesday, May Hamlin was the only one of the gaited

animals to be called to the track to make an exhibit. She is so thoroughly trained that the rider puts her through her various paces with bridle removed and only a shoe-string in her mouth.

She was bred in Contra Costa county and is eight years of age. Two years ago at the State Fair she won a gold medal in the gaited high school class.

This beautiful creature was the cynosure of tens of thousands of delighted spectators at the great Portola festival in San Francisco, when Dr. Hamlin rode her up and down Market street, putting her through her dainty paces, such as the cakewalk, the gavotte and other features of the high school gait.

Like all high-bred animals that have been skillfully trained and handled with kindness, May Hamlin is as gentle and docile as a lamb and responds with alacrity to the most sensitive touch on the bridle or the gentlest spoken word of command.

ramento, was recovered today and will be returned to the owner. Mrs. Lee was on her way to Sacramento to spend her vacation with friends. On her arrival in that city she discovered that her diamond brooch, valued at \$3500 had mysteriously disappeared. The Sacramento police were notified and word was sent to the bay cities of the loss.

The trinket was lost August 29 and Mrs. M. E. Fleming followed Mrs. Lee in the crowded ferry building in San Francisco as the latter hurried to catch the boat.

Mrs. Fleming saw the gems flashing on the tiled floor and picked up the brooch. She was unable to discover the owner, and, upon arriving in Oakland, notified the police and gave a description of the jewels. The lost and found cards came together in the Oakland police filing system and the brooch will be returned to its owner.

OAKLAND MAN KILLS  
HIMSELF AT SANTA CRUZ

SANTA CRUZ, Sept. 1.—After spending three months at Zayante villa, a mountain retreat in close proximity of Felton, Jeanne Pierre Cantou, a bartender whose home has been at 843 Jackson street, Oakland, committed suicide by blowing his head off with a shotgun. Cantou left no information why he committed his act of self-destruction, but friends claim it was a case of melancholy brought on by poor health. Cantou occupied a cottage by himself, and guests hearing the report of a gun rushed to his assistance to find him lying dead on the porch with a shotgun beside him. Cantou was 34 years of age.

FRANCE HOPES  
FOR PEACE  
PACT

Government Believes Germany Will Agree Over Morocco Difficulties.

England and Republic Come to Perfect Understanding Relative to Situation.

PARIS, Sept. 1.—While the French foreign office, it is understood, has not received any sure indication that Germany will accept the French proposals for a settlement of the Moroccan question, confidence is felt in an early agreement because of the extent of the compensations which are to be offered by France.

The real difficulty in the way of an early settlement, it is believed, lies in the special commercial and mining guarantee which Germany may seek in Morocco, as nothing can be given Germany in Morocco, which Great Britain does not possess. Besides, anything like special privileges would afford endless occasions for the re-opening of the controversy on questions of interpretation.

The French and British governments have reached the fullest mutual agreement on every phase of the Franco-German dispute.

TEACHER RESIGNS  
TO BE MARRIED

Miss Cecil Harrold and A. H. Dana to Wed Some Time This Winter.

Miss Cecil Harrold, who recently announced her engagement to Alfred Henshaw Dana, has tendered her resignation as instructor of physical culture in the Fremont high school and will sever her connection with the institution at once. Miss Harrold has been most successful in her work and has won the respect and friendship of both students and faculty, who will regret her absence. Her wedding will not take place until the late winter and in the meantime she will be entertained informally. She is the daughter of the Frank Harrolds of East Oakland and has a wide friendship in the bay cities. She is a graduate of the University of California in the class of '07.

Dana is a former Santa Rosa man and is connected with the Wells-Fargo Express company of New York, but is expected to be transferred to Oakland shortly.

Mob Breaks Open Cell Door and Shoots Graduate of Carlisle.

Prisoner Was Asleep When Crowd Batters Down Barrier and Kills Him.

GRANGEVILLE, Idaho, Sept. 1.—Peter Mallick, half-breed Nez Perce Indian, and a graduate of Carlisle Indian School, was shot to death by an infuriated mob of citizens here last night as he lay asleep in his cell in the county jail. Over thirty bullets were fired into his body.

Mallick was arrested some weeks ago charged with beating his half-breed wife while on a drunken spree. Her ribs and collarbone were broken and her life was in danger for over a month.

Since his incarceration threats have been made to take the half-breed's life and the mob battered its way into the jail and shot him to death as he lay on his cot.

The mob overpowered the guard at the jail, bound and gagged him and opened the outer door with the keys taken from him. There was no key to the inner door to be found and it was broken in. Mallick was asleep on the cot in his cell when the leaders of the mob crowded into the room. Without giving him a chance to rise they opened fire, filling his body with bullets.

Mallick died without uttering a sound and the mob, which numbered twenty, marched from the jail leaving the corpse in the cell.

Following the shooting the coroner was notified and took charge of the body. A coroner's jury was summoned today and an inquest begun, as a result of which it is expected that several arrests will be made.

JUDGE RULES THAT BOY  
MAY FISH IF HE LIKES

LOS ANGELES, Sept. 1.—"If Charles prefers the piscatorial delights of landings to the pleasures of the school, why, let the boy angle. I do not blame him."

This was the ruling of Juvenile Judge Hutton in the case of Charles Andrews, 15 years old, whose father, a grocer, declared that Charles ran away from home when he wanted him to learn the business.

Charles explained to Judge Hutton that he preferred the smell of soap and salt pork, and as he could make more money fishing, asked permission to be allowed to work on a San Pedro fishing boat.

National Convention Wrestles With the Nomination Problem.

Backers of Suarez for Vice-Presidency Lose Their Confident Air.

MEXICO CITY, Sept. 1.—When the backers of the candidacy of Jose Pinos Suarez for the vice-presidency of Mexico entered the progressive convention today their faces did not betray the same confidence which characterized them until now. The vigorous attacks made on the candidacy of the Yucatan leader last night have lowered his stock considerably, and those claiming to have inside knowledge of the temper of the delegates are inclined to believe that he will have difficulty in defeating Alfredo Robles Dominguez.

A few humorous ones also are beginning to fear Dr. Francisco Vasquez Gomez, notwithstanding the fact that he is the chief of the anti-re-electionists, which party rejected the candidacy of Madero and nominated Emilio Vasquez Gomez for the presidency.

## MAKES CLEVER MOVE.

Sanchez Azcona, personally a partisan of Suarez, is credited by many political observers with a clever move last night, in availing himself of his right as chairman arbitrarily to adjourn the convention. Since then leaders of the four political factions have worked hard and the strain of their overnight efforts showed on them today.

The attacks of the opposition on the methods employed by the backers of Suarez have had a noticeable effect. Although they were unable to prove that the central committee had overstepped the bounds of political ethics in supporting that candidate, charges to that effect have resulted in open suspicion on the part of many of the delegates whose votes Suarez's backers had considered safe.

## ALAMEDA COUPLE 60 YEARS WEDDED

Mr. and Mrs. N. M. Jacobs to Celebrate Diamond Anniversary September 10.

ALAMEDA, Sept. 1.—Mr. and Mrs. N. M. Jacobs of 1319 Pacific avenue will observe the diamond anniversary of their wedding with an afternoon "at home" on Sunday, September 10. They were married in the city of New York on September 14, 1851. The bride of 60 years ago was Miss Rachel Nathan.

Jacobs and the young woman who took his name had arrived in the United States a few years previous to their wedding, both coming from London, their native city. Two years after their marriage Mr. and Mrs. Jacobs came to California by way of the Isthmus of Panama, arriving here in 1853. They located in Sacramento, where for a quarter of a century Jacobs was engaged in business. He was one of the most respected early residents of the capital city and was prominent in the affairs of the Knights of Pythias and the Red Men.

One of the cherished recollections of Jacobs' residence in Sacramento is that of the boyhood of the present Governor of California, Hiram Johnson. The pioneer often passed Jacobs' store in the morning on his way to school. It was a friendly practice of the merchant to slap the juvenile Johnson on the back and say to him: "How are you this morning, governor?" Little did Jacobs think in those days that his young friend whom he playfully designated governor would some day come to be a real governor.

From Sacramento Jacobs moved to San Francisco and from the latter city came to Alameda fifteen years ago. He retired from active business life some years ago. Mr. and Mrs. Jacobs celebrated the golden anniversary of their wedding ten years ago and in their present home. Both still have the use of all their faculties and are in the enjoyment of good health. Mr. and Mrs. Jacobs are inveterate readers and, despite their advanced years, 85 and 84, take an active interest in the affairs of the world.

Mr. and Mrs. Jacobs have two daughters, Mrs. A. Jacobs and Miss L. Marion Jacobs. They have two grandsons, Nelson and Jessy Jacobs, children of Mr. and Mrs. A. Jacobs.

## HOLD FUNERAL OF BERKELEY SUICIDE

BERKELEY, Sept. 1.—The funeral of L. B. Maries, teacher in the Washington Grammar school in this city, who committed suicide in San Francisco by swallowing cyanide of potassium, took place yesterday afternoon, interment being in Cypress Lawn cemetery. Students of the University of California, who were his former classmates, attended the services. Maries' relatives reside in Australia.

## WITH SPEECH AND SONG SCHOOL IS DEDICATED

Dr. Edward R. Taylor, Assemblyman Otis and Superintendent Will Wood Deliver Addresses at Ceremonies

ALAMEDA, Sept. 1.—Speeches, the presentation of gifts, songs and music marked the dedication of the new Haight school building on the north side of Santa Clara avenue east of Chestnut street today.

Dr. Edward Robeson Taylor, former mayor of San Francisco, gave the principal address of the day in which he spoke of the late Governor H. H. Haight, after whom the school was named, as an associate and friend, giving a short history of the life of the pioneer who practiced law in San Francisco with Dr. Taylor.

ASSEMBLYMAN SPEAKS.  
Assemblyman Frank Otis, who served as president of the board of education for several terms, spoke as follows:

A description of Alameda as it existed in the days of '49 and as it is at the present time may interest the assembly gathered here under such auspicious circumstances today. In 1861 the city of Alameda, a rancho owned by Antonio Maria Peralta, the son of the original settler, was sold for \$14,000. The settlers who came here after 1851 demanded a school house, and a cabin, 16x20 feet in size, was built at the southeastern end of town to quarter a woman teacher and nineteen pupils. The first school building in the city now has a story added in the days of '49 and as it is at the present time may interest the assembly gathered here under such auspicious circumstances today. In 1861 the city of Alameda, a rancho owned by Antonio Maria Peralta, the son of the original settler, was sold for \$14,000. The settlers who came here after 1851 demanded a school house, and a cabin, 16x20 feet in size, was built at the southeastern end of town to quarter a woman teacher and nineteen pupils. The first school building in the city now has a story added in the days of '49 and as it is at the present time may interest the assembly gathered here under such auspicious circumstances today.

GROWTH OF SCHOOLS.  
"The salient features of the development of the schools, both educationally and materially, are that the enrollment has grown from 190 pupils, from one teacher to 115 teachers and from an expenditure in erection of \$150 to more than a half million dollars.

The most important years in the history of the schools are 1855, which marks their establishment in two districts, 1874-5, 1899, 1903 and the present year. In 1874-5, the high school was established in a room on Park street. Then the Haight school lot was purchased for a sum of \$2500. Its assessed valuation is now \$25,000. When I went to investigate the history of the transfer of this property, I was surprised to find the deed in my own writing. The circumstance had entirely escaped my memory. In 1875 a high school of five rooms was erected on the site and it was dedicated with songs, speeches and a dance. Contrary to the present form of asking guests to attend the dedication ceremony, an admittance was charged. It was necessary to raise funds inasmuch as we did not have the present bond method of securing money for our expenditures. Governor Haight went on the local board of education at this time after having served as governor of the state and it was decided to name the school after him.

In 1899, school circles were rather troubled by political methods which were said to be employed by the department. Several of the school board coinciding with my opinion that there is no greater affliction that can be imposed upon a community than "politics" the troubled surface soon settled to a calm, and again we had a clean board with five upright members.

HIGH SCHOOL BUILDING.  
"A high school lot was purchased in 1903 at the southeast corner of Central avenue and Walnut street by a bond issue for \$100,000. The Haight school had grown too small and was being used as a grammar institution, the high school having been removed to the Porter school. The high school was now formally dedicated in 1903 and gave to the city an independent high school building.

"Before concluding my remarks, I desire to express a word of praise for the men of the early seventies whose mentally broad ideas assisted in the development of the whole community. Among these men were Governor Haight, Edwin B. Mastick, Nathan Porter, Cyrus Wilson, Fred K. Krauth, veteran journalist who established the first newspaper in the city, and others who gave freely of their time to aid the growth of their home city."

ADDRESS BY WOOD.  
Superintendent of Schools Will C. Wood addressed the assembly as follows:

The erection of a building such as this is a significant thing. The structure which you see before you is the outward expression of the mind of the people. The history of mankind had its beginning in the mind of man. The frieze of the Parthenon that graced the ancient city of Athens was conceived in the mind of Phidias before it was chiseled in marble. The steam engine, the wireless telegraph, the flying machine each originated in the mind of Watt, Marconi or Wright before it took form in substance. So it is with the building before you. I ponder for a moment, we catch a glimpse of the ideal of which it is the outward expression. An ideal that existed in the minds of several individuals before a single stone was laid in its construction. That ideal represents three great principles that are enshrined in the hearts of the American people.

The first of these is the faith of the people in public education. It was in the early '40s, Mr. Horace Mann, the founder of the modern American school system, declared that education was the rock to which American democracy was anchored. In any government, success must depend upon the wisdom and character of the citizens in our country, the government rests in the hands of all men and women.

Under these circumstances it is necessary that all men and women should be wise and upright. We believe that the agency for promoting wisdom and forming character is the public school. The faith of our people in democracy is, therefore, almost identical with our faith in public education. This building which we dedicate today is an outward expression of that faith.

FAITH IN ENVIRONMENT.  
The second principle represented in this building is faith in environment as a formative influence. There was a time

### Sale of Men's Trousers

Immense assortment of fall trousers in stripes and mixtures; now on sale at special prices. Extraordinary values at \$2.45, \$3.50, \$4 and \$5. No trouble about getting fitted from this tremendous assortment.

## What Interests You Most in a Suit of Clothes?

### Quality or Price?

Most of you will say at once "Quality." If so, you should be attracted irresistibly to the "WOOD" suits at \$15, \$20 and \$25. For the quality in them is superb, and the style, material and colors are absolutely right.

Because we make them in our own factory, and sell them direct to the trade, without any middleman's profit, we can afford to, and do, put more into them than the dealer who has to buy his clothing from an outside manufacturer and pay that manufacturer's profit.

Every advantage that money can buy or brains can secure is employed in making the quality of the "WOOD" SUITS all that it should be.

If the price interests you, by all means the "WOOD" CLOTHING should appeal to you. For because of the reasons stated above, there's a clean saving of at least \$5.00 on every suit you may buy here.

Complete stock of suits and overcoats containing every new idea for fall are now ready. You are invited to critically inspect the suits we are showing at

**\$15 \$20 \$25**

### Men's Hats New Fall Models

## EXPOSITION STAMP FOR BERKELEY

Postoffice Soon to Have "Panama Fair" on Its Canceled Machine.

BERKELEY, Sept. 1.—The Berkeley postoffice will soon be provided with a special Panama-Pacific Exposition stamp for use on its canceling machines.

In compliance with instructions from Post Assistant Postmaster General C. P. Grandfield, Postmaster Merrill several days ago forwarded particulars concerning the canceling machines in the Berkeley office and is anticipating the arrival of the new stamp in a short time now.

On May 20 of this year Mr. Merrill applied to the first assistant postmaster general for the privilege of using this stamp. In the month of July the Berkeley Chamber of Commerce augmented Postmaster Merrill's efforts to secure the stamp by taking the matter up with the directors of the Panama-Pacific Exposition.

A proposition met with immediate response and the California congressmen were communicated with, with the result that, in addition to the city of San Francisco which the stamp is already in use, permission has been extended to Los Angeles, Oakland, Sacramento, Berkeley, Alameda, Pasadena, Stockton, Fresno and Bakersfield.

To Berkeley, therefore, is undoubtedly due the extension of the privilege to use the stamp. In the month of July the Berkeley Chamber of Commerce augmented Postmaster Merrill's efforts to secure the stamp by taking the matter up with the directors of the Panama-Pacific Exposition.

ALAMEDA PERSONALS  
ALAMEDA, Sept. 1.—Miss Claire Finney of Sacramento, who recently visited in this city as the guest of Miss Ruth Tisdale, is at the home of her cousin, Mrs. George Jensen, in Piedmont.

LATEST NEWS FROM OUTSIDE TOWNS

TO USE CUT-OFF AT DUMBARTON

Freight Trains Soon to Be Running Direct to San Francisco.

NEWARK, Sept. 1.—The new Dumbarton cut-off, which has been in the course of construction for many months, will be used by the Southern Pacific this month for the first time, when six regular Sacramento freight trains will be run over the line. Many extra freight trains will also go over this route as the running time is adjusted. The regular trains scheduled are Nos. 229, 228, 209, 208, 802 and 801. These trains are now running directly into Oakland, the cars destined for San Francisco being transferred by ferry across the bay.

Under the new arrangement only one boat will be needed by the Southern Pacific to carry freight cars loaded in Oakland and vicinity to San Francisco. Many thousands of dollars, it is declared, will be saved by the company with the inauguration of the new system. The fruit growers and truck farmers of the Livermore and Santa Clara valleys will also benefit by the cut-off, as it will enable their products to be placed on the San Francisco market with a little delay as possible.

EMPLOYERS' LIABILITY LAW NOW IN EFFECT

SACRAMENTO, Sept. 1.—The Roseberry employers' liability law, which becomes effective today, places in existence a tribunal to be known as the Industrial accident board. It will rank with a Superior Court and will hold sessions at San Francisco to hear all cases under the liability law.

MARTINEZ CITY TAX RATE FIXED AT 75c

MARTINEZ, Sept. 1.—The city tax rate for the ensuing year has been fixed at 75 cents on the \$100 valuation by the town trustees sitting as a board of equalization. The tax is to be divided into two parts; 60 cents for the general fund and 15 cents for the sewer fund.

SAN LEANDRO, Sept. 1.—At a meeting last night of the arrangements committee for the St. Leander's garden fete many of the most important details were decided upon, including the program for the day. The grounds surrounding the Peachy home on Hayward avenue will be elaborately decorated for the occasion and today the construction of booths commenced. The fiesta will be a benefit for St. Leander's parish, opening September 4. Following is the official program, commencing at 2 p. m.: Open address, Rev. Father Garvey; vocal solo, Budd Eber; fancy dancing, Miss Frances Dougherty and pupils; vocal solo, Miss Isabel McCauley; four-hand

RURAL DELIVERY ROUTE OPENED

Carrier Leaves Livermore at 8 A. M. and Returns Soon After Noon.

LIVERMORE, Sept. 1.—Rural delivery route No. 1 was opened today, under the direction of Postmaster T. E. Knox, according to instruction from the postal authorities in Washington. The carrier left at 8 a. m. and returned at 12:30. This will be the daily schedule except on Sundays. The route covers a distance of 18 1/2 miles. Many rural mail boxes have been installed by families living within the route territory, but unless 75 per cent of the residents install boxes within the next two months the delivery will be discontinued. Another of the conditions is that the roads traveled by the mail carrier must be kept in good order by the community.

STEAMER'S OFFICER HURT BY FALLING LUMBER

BAY POINT, Sept. 1.—Edward Thompson, officer on the steamer Redondo, was seriously injured here yesterday afternoon by the collapse of a pile of lumber on the dock which in falling buried him beneath it. The man was standing on the wharf directing the longshoremen in unloading the vessel when, without warning, a huge pile of lumber piled aboard fell over him, burying him beneath the weight. He was almost smothered before the longshoremen could remove him from his precarious position.

Thompson was hurried to the hospital, where it was learned that he had suffered brain injuries to the neck, concussion of the brain and possible internal injuries.

WATCHMAN RESIGNS

SAN LEANDRO, Sept. 1.—L. Ferraria, night watchman for several years past, has resigned, his resignation taking effect today. Joseph Peralta has been appointed in his stead by the town trustees.

HIGGINS TELLS OF SHOOTING EVANS

Accused Man Says He Fired Fatal Shot in Self-Defense.

MARTINEZ, Sept. 1.—The case of Thomas Higgins, charged with man slaughter in killing Eddie Evans of Richmond last April in a saloon quarrel, was continued yesterday in the superior court here with the examination of Higgins himself.

Higgins' story was to the effect that he shot Evans only after the latter had attacked him and threatened to kill him. He described the fight and the shooting, his story being the same in the main as that told by several witnesses put on the stand by the prosecution.

Sheriff R. R. Veale, Coroner C. L. Abbott, former District Attorney E. J. Alvarado, W. F. Beiding and a number of others testified for the defense, telling of the good character of the defendant.

CORONER HOLDS INQUESTS

STEGE, Sept. 1.—The coroner's jury met here last night and held two inquests over the deaths of Mrs. Anna Donovan, who dropped dead in front of the Davis home here Wednesday morning, and of William Pickles, found dead in bed at his home several weeks ago.

The jury in the case of Mrs. Donovan found death due to aneurism of the heart, and cerebral hemorrhage was given as the cause of the death of Pickles.

THE BEST ECONOMY IN PIANO BUYING

Let others buy the cheap Pianos. For your instrument choose one which will give you years of service after the inferior ones have outlived the little usefulness they ever may have had.

Of course, you will have to pay more for a good Piano—but is it not economy to do so and assure yourself of permanent satisfaction?

Beware the lure of unreasonably low price. Rest your decision on the value offered, and remember that the very cheap Piano means cheap construction, inferior tone and only temporary usefulness.

Do not permit yourself to indulge in the extravagance of "saving" a few dollars now to take the chance of dissatisfaction after you have spent your money.

You can get an idea of what Piano value means by inspecting our collection. You can buy an instrument here at a price as low as a good one can be sold for. Furthermore, you will find that we have graded our prices consistently with the relative worth of our Pianos. Therefore, you can make your selection to the very best advantage, whatever sum of money you may wish to invest. Easy payments.

## BERKELEY PLANS TO BE REAL 'SPOTLESS' TOWN

### Campaign for Clean City, Being Headed by Mayor Wilson, Will Include Series of Meetings on Streets

BERKELEY, Sept. 1.—"Under the present system whereby landowners keep property off the market awaiting an increase, the least they can do for the public welfare is to keep vacant city lots in a tidy condition, and prevent their becoming an eyesore in the neighborhood and damaging to the value of other property," declared Mayor J. Stitt Wilson before the members of the Real Estate Exchange at a luncheon in Hotel Shattuck today.

Mayor Wilson declared the greatest complaint made by residents to the city government was in regard to the condition of vacant lots. He told the real estate men that as agents they should respect the interests of those owning property alongside the land owned by their clients.

#### INCREASES IN VALUE.

"The vacant property increases in value with the improvement and proper care of adjoining realty, and it should not interfere with the general appearance of the neighborhood, as well as the value of nearby holdings," added the mayor.

The real estate brokers were asked to co-operate in the "spotless town" campaign, the principal work of which will be done next Wednesday, Thursday and Friday.

A "spotless town" mass meeting will be held in the high school auditorium Wednesday evening to start the three-day cleanup. Speeches will be made by Frank F. Bunker, city superintendent of schools; Rev. Edward Lamb Parsons, Rev. C. B. Dalton, C. F. Wieland, Frank Heywood and a representative of the University of California.

#### AUTO PARADE.

An automobile parade and open-air meetings on the streets will be held the same evening. There will be a band and speech-making. The paraders will stop at the following points to arouse enthusiasm by means of addresses: University and San Pablo avenues, 7 p. m.; Alcatraz Avenue and Adeline street, 7:20 p. m.; Ashby Avenue and Adeline street, 7:40 p. m.; Dwight Way and Shattuck avenue, 8 p. m.; Bancroft Way and Telegraph Avenue, 8:15 p. m.; Bancroft Way and Shattuck Avenue, 8:30 p. m.

#### OPEN LETTER BY MAYOR.

An open letter to the residents of the city was sent through school children by Mayor Wilson today. Parts of the message are as follows:

"We desire to enlist all our citizens in the common task of cleaning and beautifying the city. We ask every citizen to put his property in the neatest and cleanest condition that he and rake can accomplish.

"The following work should be done: First—The thorough cleaning of the weeds and dead grass from the sidewalk

## BRUTAL ROBBER BAFFLES POLICE

Thug Who Fractured Porter's Skull Still at Large; Victim May Die.

SAN FRANCISCO, Sept. 1.—After an all-night search for some trace of the brutal daylight thug who looted the rooms of the Islam Temple Club at 43 Powell street early yesterday morning, and probably fatally wounded Charles Ward, the porter, Detective John Fitzgerald and George Douglas, detailed on the case, declared this morning that they were completely baffled and had not a clue.

That the robber who bound and gagged Ward and rifled the club cash register is the same man who robbed the safe of the United Cigar Store at Eddy and Market streets last Monday morning after attacking Karl Gentry, the clerk, is the theory of the detectives.

#### CHAUFFEUR HELD.

While the detectives are continuing their search for the thug, George Scharr, a chauffeur, is being held in the city prison, having confessed last night to robbing the room of a friend. Scharr is the man who entered the United Cigar Store early Monday morning, found Gentry, the clerk, in an unconscious condition, and gave the first alarm of the robbery to the police.

Scharr is charged with looting the room of William Lieby, a marine fireman, in a lodging house at Third and Brannan streets. At first Scharr denied the charge, but confessed when Detective George McLaughlin found on his person the watch taken from Lieby.

While the detectives hesitate to declare that they suspect Scharr of the cigar store and Islam Club robberies, they admit that they are investigating carefully the movements of Scharr up to the time of his arrest last night, for they think it a peculiar coincidence that the man confessing to a room theft should have been the first one to discover the cigar store crime.

#### VICTIM MAY DIE.

The condition of Ward, the Islam Club porter, who was found in a clothes closet unconscious, bound and gagged, is still serious, according to reports this morning from the French Hospital, where Ward is confined. He is suffering from a compound fracture of the skull, besides other serious injuries.

Early this morning Ward regained consciousness, but was too weak to give any account of the crime. Today his operation will be performed on him in an effort to reduce the fracture.

## CLAREMONT CLUB TO BUILD HOME

Permit Was Issued Today at Berkeley Board of Public Works.

BERKELEY, Aug. 31.—A building permit was issued at the City Hall today for the erection of an artistic club house for the new Claremont Club. The structure, which is to be located on Hillcrest road, near the Uplands, home of Henry W. Taylor, the Claremont capitalist, is to cost approximately \$10,000. It will be a two-story and basement structure and will be built on an incline. The main floor will be devoted to an assembly hall and below this will be dining room and kitchen.

The club house is to serve as a meeting place for social and business purposes. The Claremont Club is composed of a body of improvers organized several months ago and of the woman's auxiliary, made up of wives of the improvement club members.

Mrs. Henry W. Taylor is president of the Woman's Auxiliary, which will manage the many social affairs planned by the organization for the winter months.

#### ANNUAL MEETING OF ASSOCIATED CHARITIES

The annual meeting of the Associated Charities will be held in the children's room of the Oakland Free Library, Fourteenth and Grove streets, at 8 o'clock on Monday evening, September 11. The public is cordially invited.

## DIRECTORS ELECT THEIR OFFICERS

W. W. Garthwaite Is Chosen President of Oakland Hotel Company.

The directors of the Oakland Hotel Company organized by the election of officers for the ensuing year yesterday.

There were present Directors: Edison E. Adams, L. G. Burpee, H. C. Capwell, M. J. Layman and Frank J. Woodward.

Secretary J. P. Edoff certified to the election of the following stockholders as the directors who were elected at the annual meeting of the company a few days ago: W. W. Garthwaite, Edison E. Adams, E. A. Heron, W. G. Henshaw, J. F. Capwell, H. C. Capwell, L. G. Burpee, M. J. Layman and F. J. Woodward.

The election of officers resulted as follows: President, W. W. Garthwaite; vice-president, Edison E. Adams; secretary, James J. Edoff, and assistant secretary, Golden L. Downing.

The firm of Reed, Black & Reed was chosen as the attorneys of the corporation and the Oakland Bank of Savings was designated as the depository. Committees were appointed as follows: Executive—Henshaw, chairman; Garthwaite, Woodward, Burpee, Capwell, Layman.

Building—Heron, chairman; Adams, Capwell, Layman.

Finance—Layman, chairman; Capwell, Woodward.

Auditing—Capwell, chairman; Burpee, Woodward.

There is a growing feeling of dissatisfaction among the merchants of this city with the custom which has prevailed here for many years of closing their stores on legal holidays, especially when two come within a few days of each other.

This feeling is entertained with respect to the observance of Labor day which comes on the first Monday of September and Admission day, which is celebrated on September 3. This year, these two festivals will be separated by only four days.

A number of merchants met in one of the local stores yesterday and discussed the holiday question. They declared that they reached no decision.

Some of the merchants thought that it might be expected of them was to close their stores for a few hours while the principal event of a celebration was taking place.

Limiting the hours during which the stores should be closed in this way seemed to be the most feasible way of settling the question but there was no disposition on the part of the merchants in the conference to take immediate action.

The chamber of commerce had been asked to use its influence with its members to have as many as possible of them close their business houses on Admission day. The request has come from the Native Sons of the American continent through J. O. Levy, their secretary, who is also secretary of the Admission day celebration, and was prompted by a request that many Oakland merchants did not mean to close their places of business on that day.

## CITY CASE WITH JURY AT LAST

Involves the Condemnation of Land for Water Front Purposes.

After a tedious trial, lasting about six weeks, Superior Judge William H. Waste gave the case of the city of Oakland against the Pacific Coast Lumber & Mill company, for the condemnation of property for water front purposes, to the jury yesterday morning about 10:30 o'clock.

The property in question was purchased by the municipality subject to a lease held by defendant corporation, and lies at the foot of First street, adjoining the building company's plant. The latter claimed that it would be damaged in the sum of about \$300,000 by surrounding its lease and by the quay wall designed by the city to run through the property, while the municipality maintained that the damage would not exceed \$25,000.

The jury had not reached a verdict up to a late hour this afternoon. City Attorney E. F. Woolner and Charles A. Beardsley, his assistant, represented the city at the trial, while Attorneys Snook and Church were counsel for the defendant company.

## LABORING MEN

You Who Earn Your Daily Bread by the Sweat of Your Brow REMEMBER THERE IS ONE MARKET THAT PROTECTS YOU.

For years this man—Lewis—has fought Orientals, Chinamen and all allied nationalities. He believes that this is a white man's country. He caters to the white man's trade, but when he discovered that these same celestials were part and parcel of the local Butchers' Exchange LEWIS GOT OUT.

Lewis thought it was time to vamoose when Chinese butchers were received with open arms into this organization. Lewis' market is

with prices and policies not influenced by Butchers' Exchange and its Chinese membership.

If Lewis Market hasn't a marble front and plate-glass show cases, REMEMBER IT'S GOT QUALITY MEATS JUST THE SAME. If you want style, you'll have to go elsewhere, but if you want QUANTITY and QUALITY, the best and biggest chunk of meat a two-bit piece ever bought, ramble down on Ninth street and you'll find the place, THE WHITE FRONT WITH THE RED LETTERS—NUMBER 467. See Lewis himself (he's generally got a cigar in his teeth), who is always on the job, figuring just which way he will slash THE BUTCHERS' TRUST next.

Everybody in Alameda County, from the poor fellow who buys a soup bone to the lady who takes home the best piece of meat money can buy, knows that the LEWIS MARKET IS THE BEST PLACE IN THIS HERE TOWN to get an honest return in QUALITY MEAT for every cent you spend.

## MAYOR SPEAKS AT SIX MEETINGS

SAN FRANCISCO, Aug. 31.—According to the managers of the P. H. McCarthy campaign, the six meetings attended by the mayor last night were by far the most successful held thus far.

The first one was held in St. John's hall, Nineteenth and St. Mary's streets, where a church fair was in progress. Later he went to the Exeter Hotel, in the Forty-fourth assembly district, and then to Pantera Hall, in the Thirty-eighth district, where he was greeted by a crowd.

The utterances of the mayor at these meetings were based entirely on the fight of the labor unions of the city. No personal plea was made; everything was for the cause he represented.

Tonight McCarthy will address five meetings in different parts of the city by far the most successful held thus far.

## 23,626 ACRES IN MEXICO WILLED TO DR. J. PURVES

**Mrs. Kate Gutierrez Leaves Valuable Property in This City and Elsewhere to Residents of Oakland**

By a will filed this morning with the county clerk, Mrs. Leta Kate Turner Gutierrez, a widow, disposed of an estate the principal feature of which is a tract of land near Tia Juan, Mexico, comprising 23,626 acres, the same being a one-sixty-fourth interest in a tract consisting of 11,500,000 acres. Her interest is given to John Purves of this city. It also disposes of other personal and real property in this State and especially in Oakland.

The value of the estate is not definitely stated but, for the purpose of probate, it is stated that it is worth at least \$10,000.

The document was signed by the decedent on the 11th day of August of this year, by Mrs. Gutierrez herself, in a somewhat irregular but legible hand, regardless of the fact that at the time the woman was in her 69th year.

The instrument was witnessed by Ira S. Lillick of San Francisco and F. C. Warren of Oakland.

**DESCENDANT OF THE CASTROS.**

The decedent was a member of one of the early Spanish families of this State. The will shows that some of the property she disposes of was received from Castro ancestors.

To the Society of California Pioneers, she bequeaths her interest in a Mexican land grant known as the "floating grant" which she declares she received from Don Jose Castro.

The lands bestowed upon Dr. Purves formed, at one time, a part of the grant of the Santa Catharina mission near Tia Juana.

**PROPERTY FOR WOMEN.**

To Miss J. Netterville of Oakland and

Mrs. Phoebe Catharine Spear of San Francisco, share and share alike, she gives the property in this city on Forty-fifth street, between Salem and Essex streets and on the southern line of the latter and requests that they be allowed to take immediate possession of the same.

To Miss Netterville she also gives the contents of her trunk, dresses and her wearing apparel and instructs her to take charge of her funeral and superintend her interment in Holy Cross cemetery.

Frank Martin and Richard A. Fanto of San Francisco are named as executors of the will.

### MEMBER OF PROMINENT FAMILY PASSES AWAY

**VALLEJO, Sept. 1.**—Mrs. Nannie Tarkington Smith, member of a well-known family socially in Washington, D. C., died here yesterday at the home of her son-in-law, Colonel Randolph Dickins, commander of the Mars Island navy yard barracks. Mrs. Smith had been an invalid for more than a year.

## SLUMP IN PRICES CAUSES SUICIDES

**German Brokers Buy American Securities and Are Sorry for It.**

**BERLIN, Sept.**—The recent break in the prices of American securities is having serious consequences on a number of German brokers. Last night George Weyher, the proprietor of a brokerage firm, was found drowned in a lake near Berlin. He is said to have been made bankrupt through the drop in Canadian Pacific Railway shares.

Another broker, Paul Dehnicke, died suddenly yesterday and it is believed he committed suicide because of losses through heavy engagements of American securities on the London market. Paul Kwieter and Martin Gans of the private banking house of Kwieter and Gans, who were arrested August 29 through with embezzlement of \$500,000 of the bank's deposits, were examined in court today. They testified that their disaster was due to the American slump in prices.

At Hamburg a broker, Ernest Friedlander, died yesterday, being unable to meet his engagements on the London and New York exchanges.

## WOMAN SENT TO STOCKTON ASYLUM

**Fears That Her Best Friends Have Designs Against Her Life.**

Judge Ogden this morning committed Hazel Rosenberg to the Stockton Insane Asylum on the ground of insanity. She has been afflicted with hallucinations of an unending variety. She is under the impression that her best friends, even her mother, conspires taking her life. She became noisy and excited during the hearing this morning and it was only with extreme patience that she was enabled to regain her composure.

After she had been taken out of the courtroom after sentence had been imposed, she refused to return with Charlie Emay, the clerk of the insane, to the receiving hospital. Emay tried to coax her, but she flew at him like a tigress, intending to use both hands in defacing him. She threatened to kill him, but Emay was quick enough to catch her hands and restrain them until her violent bit of passion and anger had subsided.

## WOULD STOP KILLING OF DEER FOR 5 YEARS

**CONCORD, Sept. 1.**—An ordinance aimed to prevent the killing of deer within the limits of Contra Costa county for the next five years will be presented to the board of supervisors for its consideration at its next meeting, Tuesday morning, by Thomas K. Duncan, county game warden.

Duncan declares that deer are almost extinct in the county now. For years sportsmen have come to this district from the bay cities and have slaughtered the animals. The slopes of Mount Diablo have for a long time been the hunting grounds for many gun men. As proof of his contention, Duncan states that but two deer were killed in Contra Costa county during the present season, whereas no longer than four or five years ago as many as forty-eight were killed in one day's hunt.

## TO HOLD SERVICE FOR THE DEAD

**Special Memorial in Honor of Prof. Josiah Keep to Take Place.**

**MILLS COLLEGE, Sept. 1.**—Special memorial services in honor of the late Prof. Josiah Keep of Mills College will be held in the college chapel Sunday afternoon at 3 o'clock and will be attended by a large number of alumni of the college, who were students of the science instructor during the twenty-six years he served in the department of natural science.

Among those who will pay tributes to the Mills College scientist will be Dr. David Barrows, president of the board of trustees; Dr. Charles S. Nash of the Pacific Theological Seminary, who was a classmate of Professor Keep at Amherst; Prof. Charles Bradley of the Berkeley Club, of which Professor Keep was for many years secretary; Mrs. Anna Coyle Friend, who will express the sentiments of the students of Mills College, who studied under the deceased scientist, and Dr. Luella Clay Carson, president of the college. Miss Alcee Coleman, a student of the junior class, will render a solo and will be accompanied by Uda Waldrup on the organ.

Prof. Keep died several weeks ago at Pacific Grove, where he was spending the summer as an instructor of natural sciences for the Chautauque Society. Because his death occurred in vacation time the students of Mills decided to hold special memorial services at the beginning of the term.

## RICHMOND HAVING BIG CELEBRATION

**Opening of Fall Business Season Observed With Festivities.**

**RICHMOND, Sept. 1.**—The business men's big celebration of the opening of the fall business season took place today, after elaborate preparations. The affair, which was organized through the efforts of F. I. Tonsing, opened this afternoon when an automobile parade through the streets of the city. Pullman, Stage, Rust, Albany, Berkeley, Oakland and Alameda was given. The celebration will close with a masked ball this evening in the pavilion of East Shore Park.

The procession consisted of at least twenty-five automobiles, which were fully decorated. A large machine filled with young girls dressed in white and symbolizing the youth of the city, led the parade, and in the automobiles following were the city's prominent business men.

## ANNUAL CONVENTION TO OPEN THIS EVENING

**DANVILLE, Sept. 1.**—The annual convention of the Contra Costa county Christian Endeavor Societies will open here this evening, and will continue through tomorrow and tomorrow night. Rev. J. W. Jenkins, pastor of the First Baptist church, will deliver the address of welcome to the delegates tonight, with a response by Rev. Fred Newsum of Richmond. Rev. A. W. Palmer of Plymouth Congregational church of Oakland, W. N. Jenkins and A. W. Johnson are to be the speakers during the convention.

## HAYWARD LIBRARIAN AND HER ASSISTANT RESIGN

**HAYWARD, Sept. 1.**—Mrs. L. Frowse, librarian at the Hayward public library, and her assistant, Miss Elvina Frowse, have placed their resignations in the hands of the library trustees, to take effect Friday. The resignations have been accepted and an assistant librarian has been appointed in the person of Miss Myrtle Farrell. A chief librarian will be selected later.

The ladies resigned owing to their intention to make their homes in Oakland.

## DEPUTY JAILERS TO DIVIDE SHIFTS

**Ferguson to Be on Night Duty While Stachler Will Guard During Day.**

It was agreed this morning in the county jail that hereafter the new deputy jailers, Dan Ferguson and Eugene Stachler, who have succeeded to the positions made vacant by the retirement of former Deputies White and Moffitt, will divide the night and day watches of the place between them. Ferguson will be on duty during the night, save when there is a desire on his part to serve during the day. In such cases there will be an agreement between him and Stachler that the latter will take his place on the night shift. Ferguson will go on duty at 5 o'clock in the afternoon and serve until 12:30 the next morning. There will then be a regular relief afforded, to take the position at that hour for the rest of the night, until Stachler reports for duty in the morning.

Sheriff Barnett this morning appointed Jack Smith and Harry Eber as deputies without compensation.

## STEAMER HAZEL DOLLAR FLOATED AND DOCKED

**MURORAN, Japan, Sept. 1.**—The steamer Hazel Dollar, bound from Everett, Wash., to Hankow, which struck on a reef near here several days ago, has been floated and has reached this port. After temporary repairs are made the steamer will proceed to Shanghai to be docked and permanently repaired.

## 'WHAT'S THE USE OF LIVING SINGLE?'

**Cupid Morris Failed to Answer That Pertinent Question This Morning.**

"What is the use of living single when you can get another wife in so short a time?" This was the question propounded this morning in a jocular manner to Cupid Morris in the county clerk's office when Henry Schers, a native of Germany, age 71 years, asked for a license to marry Seter Fritz, also a native of Germany, 67 years of age and a resident of San Francisco.

In reference to getting a wife in so short a time means that about three months ago Schers lost his first wife by death and now proposes to marry her sister, named above. Schers seems to be in excellent spirits and possessed of good eyesight for the reason that he detected that an error had been made in writing his name in the application and he discovered the mistake by glancing at the book from the opposition side of the wide counter.

At the time of his wife's death Schers was residing on East Twelfth street, near Thirteenth avenue. Since that occurrence he has been residing at the home of Mrs. Henken on the southeast corner of East Fourteenth street and Eighteenth avenue. He is a veteran of the Mexican war. It is understood that his deceased wife was a sister of the first wife of Fred Becker, the well known meat dealer of this city.

"I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success," writes Mrs. M. I. Basford, Poolesville, Md. For sale by Osgood Drug Stores.

## BABY SHOW WAS VERY SUCCESSFUL

**Affair Was Held Under the Auspices of Local G. A. R. Post.**

The baby show held at Lincoln hall Saturday evening, the 26th inst., under the auspices of Appomattox Post No. 50, G. A. R., was a very pleasant affair and evoked much interest and activity among those present. The hall was well filled and voting very active. The following named children were the prize winners: Melvin John Pierce, 1 month old; Robert Fritz, 5 months old; Edwin Phillips Hartman, 3 months old; Florence Evadna Cooley, 11 months old; Forest Daggett, 18 months old; Garfield Anioff, 13 months old; Maitland Peppington, 3 years old; Laya Sullivan, 3 years old; Jack Emerson, 5 years old; Eddie W. Miller, 4 years old; Arline Claire Thompson, 4 years old; Allen Daggett, 5 years old.

Two of the children named—Edwin Hartman and Forest Daggett—are deaf and dumb, and were very interesting among the hosts of the evening.

After the reception of the little ones, the members of the Post and friends listened to two very able addresses by Mrs. Turner of Oakland and Miss McLean of Berkeley, on the all absorbing topic of the day, universal suffrage. The addresses were enthusiastically received and three rousing cheers given for the fair speakers.

## SENATOR CLAPP IS IN SAN FRANCISCO

## ROLF SPEAKS AT FIVE MEETINGS

Mayorality Candidate Greeted With Enthusiasm by Many San Franciscans.

SAN FRANCISCO, Sept. 1.—James Rolf, Jr., addressed five meetings last night, and wherever he went it was the same old story of enthusiasm. His program began at Duveneck's Hall, Twenty-fourth and Church streets, where he addressed a large crowd, later going to Mangel's Hall, Twenty-fourth and Folsom streets, an old McCarry's stronghold, where he met a packed house. From there he went to Saratoga Hall, then to the Druids meeting, adjoining, and then made his way to La Boheme Hall, in the Thirty-eighth district.

At all the meetings Rolf reiterated his platform of principles and assured his hearers that, if elected, he would live up to every word therein contained. He reminded them that he had made no promise and that none were forthcoming, but that nevertheless he would not forget a single district. One of his ideas is to wipe out sectionalism in San Francisco, to eliminate every dividing line and to unite San Franciscans in a mighty force working for civic and moral betterment.

A few of the improvements Rolf will work for will be the repairing of the San Bruno road, Twenty-fourth street and the district between Army street and the Potrero.

In La Boheme Hall, Thomas E. Hayden introduced him as "Jim Rolf, the man, and the next Mayor," which occasioned much enthusiasm.

## POTATOES FAIL TO PAY, SAYS SHIMA

Japanese Laborers Are Always Striking Declares Tuber King.

PORTLAND, Sept. 1.—"Too much strike; too much union. There is no money in raising potatoes any more. It takes all the profits," says G. Shima, the Japanese "potato king" of Stockton, who is spending a day in Portland.

Shima last year planted 4300 acres of tulle land near Stockton, but he says the crop was not good—only 75 per cent of an average crop. This year, he says, he hopes to raise about 85 per cent of an average yield.

But Shima sees where he is not making the money he should in the potato-growing business. The laborers, most of whom are Japanese, have become so Americanized, he says, that they frequently strike for higher wages and few hours and one thing and another.

"It's discouraging," says Shima. "All the time they strike. No money in the potato business when all the time the men strike. These men are not as good as they used to be. They get lazy and careless. Still, it is not so bad as other lines of business. Some men have more trouble with strikes than I do."

## WATCHMAN MOURNS THEFT OF AMBERGRIS

SAN FRANCISCO, Sept. 1.—Last Wednesday T. C. Grogan, a watchman at the United States immigration station on Angel Island, noticed what seemed to him to be a piece of pumice stone floating up on the beach. Picking it up, he saw it was not pumice stone, but something to which he was a stranger. It had a strong and peculiar odor.

His curiosity excited, Grogan carried the lump to the station, where it was pronounced to be ambergris, a substance valued at about \$400 a pound. The lump weighed a little over five ounces.

Grogan, who lives in San Francisco, put his find carefully away on the island, intending to have a chemist examine it. When he returned for it yesterday morning it was gone. Someone had stolen it during the night.

"I hope it was only some of the boys playing a joke on me," said the old watchman yesterday. "I know it was valuable, but I had no idea it was worth as much as \$400 a pound. Perhaps the fellow who hid it from me will return it."

**JAPANESE FISHERMAN IN A DEFIANT MOOD**  
SANTA BARBARA, Sept. 1.—Because Japanese fishermen, who say they have the exclusive privilege of fishing along the shore of Santa Cruz Island, are demanding rentals from American fishermen, there promises to be a war between the two camps.

There were indications today that there may be bloodshed before the matter is settled. The Japanese, operating under the name of the Asahi Fishing Company of Los Angeles, said that they paid Catre Brothers of San Francisco, owners of the island, a good price for exclusive rights to the fishing grounds.

More than a dozen fishing camps are being run on the island by Americans, and during the last week the Japanese have given them orders to vacate.

The Americans are determined to remain on the island, and the Japanese are as determined they shall not. A clash is hourly expected.

## "PERFECTLY SAFE" HORSE DRAGS CHILD TO DEATH

SEATTLE, Wash., Sept. 1.—Helen Goodwin, seven-year-old daughter of John Goodwin, a real estate dealer, was dragged to death by the family mare.

Helen and another little girl mounted the mare and started from the family summer home at Waterman, Kitsap county. During their ride the horse became frightened and bolted.

The girls fell and Helen Goodwin caught her foot in the stirrup and was dragged on the road, receiving wounds from which she died. It had been customary for the girls to ride double on the slow-going mare, which was considered perfectly gentle.

## CHAUFFEUR GERAGHTY RENTS NEWPORT COTTAGE

A cottage in Gibbs avenue, which is a fashionable center, has been negotiated for through a local real estate agent. It rents for \$40 a month and is partly furnished.

## VETERAN CAPTAIN OF THE SEA DIES

James W. Saunders Passes Away at United States Marine Hospital.

SAN FRANCISCO, Sept. 1.—Captain James W. Saunders, a veteran commander of transpacific steamers and one of the best known navigators on this coast and in the Orient, passed away Wednesday night at the United States Marine Hospital after an illness against which he had been struggling for several months.

While it was known that the captain was ailing his sudden death was a shock to his friends, who gossiped with him in the marine department of the Merchants' Exchange only last Tuesday. The veteran skipper was walking along the street when he was suddenly stricken. He was taken to the marine hospital, but sank rapidly. His widow was at his bedside when he passed away.

Captain Saunders was 61 years of age and a native of New York. He is survived by his widow and a married daughter who resides in Manila.

Captain Saunders' last command was the Pacific Mail liner Korea. Owing to his state of health the captain was forced to resign his connection with the company when the steamer was last here a couple of months ago. During his many years' faithful and meritorious service with the Pacific Mail Captain Saunders held many commands, on both the China and Panama runs. He had a host of friends in the seaports of the world who will regret his demise.

## ESTATE TRUSTEES SUED BY WOMAN

Mrs. Anita Purdy Says Her Uncles Have Not Managed Property Properly.

SAN FRANCISCO, Sept. 1.—Mrs. Anita Christal Purdy of Honolulu, granddaughter of the late Alberto Trescony, a land owner of Monterey county, began suit yesterday to recover various sums of money which she says have been retained from the estate left her by her grandfather.

Mrs. Purdy inherited an undivided half of a one-third interest in the 35,000 acre tract of the elder Trescony. The estate was worth more than \$1,000,000 when her grandfather died in 1902. Her uncles, Julius A. Trescony and Robert F. Johnson, both of Monterey county, were made trustees of her share and she alleges that they have made fraudulent use of their power and have cheated her.

Mrs. Purdy alleges that the trustees have concealed from her all knowledge of the accounts of her estate and that they have failed to account for all the property and money received for her; that the trustees have allowed the buildings to get in bad condition and that owing to their general carelessness in handling the estate it has been damaged to the extent of \$20,000.

## HARVEST FRUIT WITH AN AERIAL TROLLEY

BURBANK, Cal., Sept. 1.—Harvesting fruit by means of a large aerial trolley is a unique feature of orchard in the introduced by the Fawkes ranch. J. W. and P. E. Fawkes, owners of the ranch, themselves originated and built the car, which is suspended on a single rail elevated on upright pillars and outstanding arms. It is capable of hairraising speed.

Boxes of fruit were loaded into the car as fast as picked and whisked to the pitting tables, where they were unloaded and sent upon their course in the drying process. Nearly a hundred persons from the city went out to watch the novel performance, including a committee from the Chamber of Commerce.

## U. S. PAYS WAR DEBT OF \$2.31 AFTER 46 YEARS

DENVER, Sept. 1.—Waiting forty-six years after putting in a claim against the government for \$2.31, James B. Earl, a veteran of the Civil war, received his money. As the government has no record of the claim, Earl's check, which he has just received, was for the exact amount he claimed on August 16, 1865, when he was mustered out of the Union army. At that time his pay check was short \$1.80 and his clothing allowance \$1.51.

Earl served with the Fifth Iowa Cavalry and later with the Fifth Iowa Cavalry.

## LIBRARIAN SUFFERS INJURY TO EYE

ALAMEDA, Sept. 1.—Librarian Mrs. M. H. Krauth is suffering from a severe injury to her left eye caused by a fall. Mrs. Krauth slipped on a pea pod several days ago on Park street near Shafter's produce store. Her eye struck the sharp edge of a fruit box and her glasses were broken. Although it was at first feared that she would lose her sight, treatment given the injured eye has taken away any fear of permanent injury. Mrs. Krauth is not suffering from the injury now, the sharp pain having left with the immediate treatment.

## CARS LOADED WITH ROCK CRASH INTO STREET CAR

SALEM, Ore., Sept. 1.—Four electric line cars, loaded with rock, ran away while descending a hill in the southern part of the city. Engineer Wright sounded his alarm whistle, which was heard by the motorman of a street car in advance of the rock train and on the same track. The street car fled before the oncoming runaway, but its trolley flew from the wire at a switch and the rock cars crashed into it. Two passengers were slightly injured.
